

NEW WELFARE ASSOCIATION FORMED HERE

Representatives of seven public and private welfare agencies in the county, meeting Wednesday at the Public Assistance office on N. Washington St., organized into an association that will serve as a study group for welfare needs in the county and as an exchange for information and ideas pertinent to the agencies in their day-to-day work.

Representatives present and their agencies were Miss Bettie Livermore, executive director, Child Welfare Services of Adams County; Mrs. Raymond P. Hill, executive secretary, Adams County Chapter of the Red Cross; Mrs. Richard S. Eisenhart, county probation officer; Roy Alexander, director, Adams County Department of Veterans Affairs; Lawrence Cummins, manager, Gettysburg office, Pennsylvania State Employment Services; G. Marion Stambaugh, director, Adams County unit, Salvation Army; Mrs. Donald Myers, executive director, Adams County Board of Assistance; John B. Kendeheart, Mrs. James Parry, Mrs. Henry T. Bream, Roland Kime, Theron J. Bashoar, Arthur J. Roth, Miss June Sanders and Miss Grace E. Myers, of the staff of the county Assistance Board.

To Select Officers, Name
Mr. Roth acted as temporary chairman and appointed committees: Nominating: Mrs. Myers, chairman; Miss Livermore and Mrs. Hill; Expansion: Mrs. Bream, chairman; Mr. Cummins and Mr. Kime, and; Program: Mr. Kendeheart, chairman; Mrs. Parry and Mr. Alexander.

The meeting was sponsored by the Adams County Services Committee which published the 1953 "Directory of Health, Welfare and Recreation Services."

The association formed Wednesday replaces a County Welfare Council that functioned here from 1946 through 1949 and was in some measure responsible for the present recreation program in Gettysburg and the County Home Auxiliary.

Officers will be nominated and elected at the next meeting, scheduled for June 16 at 10:30 a.m. at the local Employment Services office, 39 West St. A name for the new group will be considered then.

CONTESTS FOR FFA YOUTHS ON SATURDAY

Youths from Adams and Franklin Counties will vie Saturday morning for the area championships in tractor driving and soil judging, according to plans made Wednesday evening at a meeting of the agricultural education teachers of the two counties at the Cross Keys diner.

The FFA members from the high schools in the two counties will meet at the Biglerville High School at 9 a.m. Saturday. Richard C. Lighter, supervisor of agricultural education for the two counties will supervise the tractor driving contest in Biglerville. Elmer H. Schriever and Lynn Shatzler will head up the committee in charge of the soils judging event. Those taking part in the soil contest will travel to five places within a two-mile radius of Biglerville to judge the soil at those locations. Richard Long, head of the Soil Conservation Service here, is making the selection of the sites.

Twenty attended Wednesday night's meeting. A Ladies Night dinner was held after which the ladies gathered for "fellowship" while the men held their business meeting. E. E. Blackburn, agriculture teacher at Fannett-Metal High School, was honored in anticipation of his planned retirement at the conclusion of the school year. Also honored was James W. Wilson, teacher at James Buchanan High School who is scheduled to become agronomist for a Mercersburg concern.

Three guests were introduced, Jack Erway, practice teacher from Penn State at Gettysburg High School, and Lin Chin-kun and Lo Mei-Kuang, Formosa agricultural teachers now in the U. S. to study American methods of teaching farming. Both are currently at Gettysburg High School.

Woman To Observe 89th Anniversary

Mrs. Ella M. Fleck will observe her 89th birthday at her R. 2 home Friday. She has been convalescing from pneumonia for the past three weeks, but is reported to be in good health otherwise.

Mrs. Fleck was born in Arendtsville, and is a lifelong resident of Adams County. She is the mother of Mrs. Irene Sterner, Table Rock; Mrs. Mary Derr, R. 2; Mrs. Viola Harner, Barlow, and John Fleck, at home.

FREED GIVEN HALF OF CLAIM

Mrs. Bertha C. Small, Gettys St., was ordered to pay Glenn E. Freed, Biglerville, \$329.46 of the amount still owing on a furnace installation by an Adams County jury Wednesday afternoon.

The jury hearing the suit brought by Freed against Mrs. Small, to secure \$618.69 which he claimed was still owing him for his work, retired to consider its verdict at 3:22 o'clock Wednesday afternoon and returned at 4:30 p.m.

As originally handed up by the jury, the verdict, signed by Ivan K. Gulden, Ortmann R. 3, as foreman, read: "We are agreed the defendant, Mrs. Small, should pay one-half of the amount due Mr. Freed, the plaintiff, and shall pay the interest on said amount from March 31, 1954, to the present."

The court moulded that verdict into the proper form which read, "verdict in favor of the plaintiff and against the defendant in the sum of \$329.46," which represented one-half the amount claimed plus the interest.

Mrs. Smith had paid approximately \$1,492 on the \$2,030 installation of an oil burning furnace. She claimed the furnace did not operate properly, and said the boiler still remains in the basement of her house unused, and that she had a new gas system installed instead. Freed claimed the furnace had been installed according to specifications and that the charge was in accordance with normal standards.

Completion of the case ended trials for the April term. The court adjourned until Monday, May 9.

CHOIR OPENS SECOND DAY OF SEMINARY WEEK

At 9 o'clock this morning the Seminary Choir, under the direction of Robert Clippinger, presented a program of sacred music to open the second day of the 30th annual Seminary Week at the Lutheran Seminary here.

Following the concert, Dr. Paul W. Hoon, professor of pastoral theology at Union Theological Seminary, presented the third of his lectures on "The Homiletic Meaning of the Johannine Epistles."

In his second lecture Wednesday afternoon, Dr. Hoon spoke on the Christology of these epistles, stating that the unique meaning of Jesus' revelation "lies in His disclosure of God as Father, forming the basic emphasis of the Johannine Christology."

Considers Eschatology
In his lecture this morning Dr. Hoon concentrated on several ideas in the central theme of eschatology. The problem of evil, he said, is treated with evil having a metaphysical basis. The speaker defined the anti-Christ as "willful error in the face of palpable truth." On the problem of evil he pointed that "John approaches it from the standpoint of the anti-Christ, the false prophets, and the children of God versus the children of darkness."

Basically eschatological in thought, in these epistles are John's treatment of the last hour, the second coming of Christ, and the (Continued On Page 2)

Devastating Atomic Blast Rocks News Bob, Eight Miles Away, Like A Cannon Shot

By BILL BECKER
SURVIVAL CITY, Nev. (AP)—The largest public atomic blast held in the United States was set off with terrifying brilliance on Yucca Flat just before dawn today.

The 5:10 a.m. PDT shot flamed with a 25-second fireball that seared the desert flat for most of its 1,000-foot-plus diameter.

The 40-kiloton blast produced a shock wave that hit News Bob eight miles away like a cannon shot. It shook many of the 500 observers at the news gathering and observation point.

The shock wave hit about 30 seconds after the initial flash. The device being tested packed twice the wallop of the nominal A-bomb that devastated Hiroshima and Nagasaki.

See Flash 75 Miles Away
It sent up a towering mushroom cloud that began forming an ice-cap within three minutes. By that

time it was up to perhaps 20,000 feet. Within six minutes the top of the huge white cloud with a purplish stem was near the 32,000 foot level. It was expected to reach 42,000 feet.

The flash was seen in Las Vegas, 75 miles away, as a brilliant burst of eerie white light. Hundreds of visitors to the gambling resort awoke early or remained up all night to witness the spectacle. No boom or concussion was felt, however, in contrast with previous shocks which have shaken the town.

Los Angeles, San Francisco and Klamath Falls, Ore., also saw the flash.

The first indication of damage to this test town was the discovery that the radio test station 4,700 feet from Ground Zero could no longer be heard. This was the 250-watt station that had been (Continued On Page 9)

DR. C. A. BENTLEY TO SPEAK HERE

DR. CHESTER BENTLEY

The Rev. Dr. Chester A. Bentley, Crow Agency, Mont., will speak at the First Baptist Church, S. Stratton St., Saturday afternoon at 3:45 o'clock.

His address is in conjunction with the annual meeting of the Harrisburg Association of Baptist Churches. The Rev. Herbert N. Brownlee, pastor of the local church, is moderator of the association.

The Rev. Dr. Bentley, is a graduate of Colgate Seminary, Hamilton, N. Y., and in 1951 received his Doctor of Divinity degree from Linfield College, McMinnville, Ore.

In 1923 Dr. Bentley went to Crow Agency as a missionary of the American Baptist Home Mission Society. He now serves a rural community of about 600 people where the population is about evenly divided between Indians and non-Indians. It was through his leadership that the church opened its doors to all racial groups.

Mrs. Bentley teaches in the Sunday School and is superintendent of the Primary Department.

BUS TRIP TO UN HEADQUARTERS IS CONSIDERED

The possibility of arranging a bus trip this summer to New York to visit the United Nations buildings was outlined Wednesday evening at a meeting of the local United Nations Week Committee held in the Chamber of Commerce office.

Whether the tour can be arranged will depend upon interest shown locally, the members of the committee said. They hope to set up a schedule that will permit local residents to spend a day at the U. N. headquarters visiting the building and offices and possibly attending a session of any committees or groups that might be meeting there during the summer.

Wednesday night's meeting was devoted to "very tentative" discussion of plans for U. N. Week, October 17 through 24 and U. N. Day, October 24.

Discuss October Plans

Last year a U. N. dinner session was held with the various service clubs participating. A public meeting was also held with a speaker tentatively is planning to combine the two, with a joint dinner of the service clubs and others interested followed by a program in the Gettysburg High School auditorium.

The committee for U. N. Week this year is headed by the Exchange Club under a plan by which the chairmanship rotates among the various service clubs. Robert P. Snyder has been named as general chairman by Exchange Club President John Slentz. At Wednesday's meeting Rev. Charles Held, chairman last year when the Lions headed the group, reported on the program held at that time. Others at the meeting included Mrs. Verna Myers, Mrs. Frank Kramer and John Knickerbocker, Nicholas Meligades and David Garfinkle in addition to Chairman Snyder.

Snyder said another meeting would be called in "two or three weeks" to further plans for both the bus trip and October activities.

FILES \$46,977 DAMAGE ACTION

Elmer R. Gastley, R. 5, is asking \$46,977 in damages from Henry U. Wagner, Table Rock, as a result of an auto collision on April 30, 1954. His action in trespass was filed Wednesday in the prothonotary's office.

Gastley states that on April 30 he was driving his pickup truck north on Route 34, in Butler Twp. Wagner was driving south, and made a left turn into the driveway of J. R. Payne, on the east side of the highway. In so doing, he alleges, he crossed the road, and the two vehicles struck.

Gastley claims that the accident was caused by Wagner's failure to observe an approaching vehicle, failing to see that the turn could be safely made and failing to signal the turn. He claims that he suffered a separation of the left shoulder, causing a loss of earnings and permanent injury, and that his truck was demolished.

As a result, he is asking damages of \$67 for medical and hospital expenses, \$3,150 for loss of earnings, \$35,730 for permanent loss of earning power, \$7,500 for pain and suffering, \$530 for the demolition of the truck, or a total of \$46,977.

Renew Appeal For Red Cross Reports

The Adams County Chapter of the Red Cross made a new appeal to their solicitors and to their district leaders to "please make your final reports just as soon as possible."

"Some districts have made only partial reports and one district has not yet made any report and has not sent in any donations," Mrs. Peggy Hill, executive secretary said. The current figure on the total contributed so far is \$10,566. The goal was \$15,493.

MRS. GARNER BURIED

Funeral services for Mrs. Agnes Taylor Garner, 68, widow of William A. Garner, who died at her home in Emmitsburg last Sunday, were held Wednesday morning from St. Joseph's Catholic Church in Emmitsburg. The Rev. Fr. John Sullivan officiated. Interment was made in St. Anthony's Shrine Cemetery, near Emmitsburg. The pallbearers were John M. Roddy Jr., Frank Fitzgerald, Floyd Miller, Richard Harner, Clarence G. Frailey and Adolph M. Wasilifsky.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Robert G. Reiter, Biglerville, announce the birth of a son today at the Warner Hospital.

A daughter was born to Mr. and Mrs. Irvin Smith, York Springs R. 2, at the hospital today.

Mr. and Mrs. Donald Muller, Owning Mills, Md., became the parents of a daughter born Wednesday at the hospital.

A daughter was also born Wednesday at the hospital to Mr. and Mrs. James Carbaugh, Thurmont.

YOUTH GROUP NEEDS FUNDS

Fourteen members of the Citizens Youth Committee met Tuesday evening to continue study of youth problems in the Gettysburg area. A large part of the meeting was devoted to magazines and pocket books considered objectionable for minors. Some of the factors influencing distribution were discussed. Several members observed that in many cases lurid covers had little relation to the contents of such books.

The committee decided to find out what standards and methods other communities have used to check comic books and magazines available to juveniles. It was pointed out that comic books meeting the publishers' self-imposed code of standards now carry a stamp of approval.

Various other problems of a local nature were discussed, including the need for increased recreational facilities. The committee voted to recommend that the Borough Council purchase the High Street School property for recreational purposes for the youth of Gettysburg. A letter bearing this recommendation will be submitted to the Borough Council before its next meeting.

The youth committee decided that a small operating budget is necessary to carry out its work, and will recommend that each supporting organization contribute \$10 for this purpose.

CHOIR OPENS

(Continued from Page 1)

Judgment, he continued. John, Dr. Hoon stated, believed that he was living in the last hour of the old age, and the beginning of the new age, to be culminated in the physical return of Jesus Christ. John believed in the second coming as a future historical event.

Need Great Leaders
Following Dr. Hoon's third lecture, Dr. Elton Trueblood, professor at Earlham College, presented the first of two lectures, "The Minister as Reader." Dr. Trueblood defined our time as one "of fantastic church building." He said we are thankful for the money and the materials, but we must realize that these are but means and not the end in themselves. The great need of today, he stated, is for powerful spiritual leaders.

Wednesday evening at 7 o'clock Dr. Jaroslav Pelikan delivered his second lecture, "Luther and the Goodness of God." This afternoon at 3 o'clock his final lecture, "Bach and the Beauty of Holiness" will be heard. Following Wednesday night's lecture, Seminary Wives' Club held a reception in the social room.

Dr. Hoon will conclude his lectures with one this evening at 7 and Friday morning at 9. At 10 a.m. Friday Dr. Harry F. Baughman, president of the seminary, will deliver the Holman lecture on the Augsburg Confession, Article VIII. Seminary Week will close with a lecture at 11 a.m. Friday by Dr. Trueblood, "The Minister as Writer and Speaker."

WILL PRESENT

The chorus and band will combine for "They Call It America," by Grand and Bennett.

Following the program "Open House" will be observed in the school buildings with exhibits on display in the various rooms.

Gets Purple Heart Four Decades Late

LANSFORD, Pa. (AP)—Thirty-seven years ago a young private first class of the A.E.F. was wounded while fighting in France.

Yesterday, nearly four decades and two wars later, John J. Stoffey, a Coalale, Pa., miner, received his Purple Heart with three stars for as many battles. Postman John Pavallo, who delivered the package, said Stoffey was really surprised.

Stoffey had forgotten the request he had made to Washington many years ago for the Purple Heart. Stoffey is the father of three sons, one a World War II veteran.

No explanation was given and none was asked as to where the award had been these many years, or why Stoffey never received it.

ROA TO ELECT

REVISION WOULD AID PRIVATE EYE

HARRISBURG (AP)—Any licensed employee of a private detective agency in the state would receive the power to serve criminal case warrants under a bill before the Senate.

Presently, only a licensed private detective is empowered to serve warrants.

The measure, introduced yesterday by Sens. Charles R. Weiner (D-Phila.) and Anthony J. Disilvestro (D-Phila.), also would lower the fee for private detective agencies from \$200 to \$150 for an individual and from \$300 to \$200 for a partnership or corporation.

The measure would also require a \$5,000 corporate bond for any individual private detective and \$10,000 for any partnership or corporation.

Other new Senate bills would: Require persons entering into contracts with first class counties, cities and town and poor districts defined as municipalities to post a bond when the amount of the contract exceeds \$2,000. The minimum figure now is \$500—Weiner and Martin Silver, (D-Phila.).

Appropriate \$2,696,000 to the Jefferson Medical College of Philadelphia for general maintenance of the college and purchase of equipment—Benjamin R. Donolow (D-Phila.), Patrick J. Toole (D-Luzerne), Leroy E. Chapman (D-Warren) and Silver.

111 DIE IN MINES
WASHINGTON (AP)—Coal mine accidents killed 111 men during the first three months of 1955, seven more than in the similar 1954 span, Secretary of the Interior McKay said today.

There were 97 deaths at bituminous coal mines and 14 at anthracite mines.

Underground fatalities totaled 93, and 61 of these were due to falls of roof, face or rib.

STOCKS HIGHER
NEW YORK (AP)—Prices were higher today in the stock market in early dealings.

Gains were well distributed throughout the list and were especially prominent in the steels, motors, aircraft, railroads and radio-television. The rise carried prices up around a point. Losses weren't pronounced except in one or two instances.

DEMOCRATS NOT SPLIT AS BADLY AS GOP

By JACK BELL

WASHINGTON (AP)—Sen. Lyndon B. Johnson of Texas told Democratic governors today divisions in their party are minor compared with splits in the ranks of the Republicans.

Johnson, Senate Democratic leader and one of the hosts at a breakfast for the governors, said he told the closed meeting he thinks the Democrats are going to win next year's elections, including that for the presidency.

"I said we are going to have a constructive legislative record in this session of Congress," Johnson told newsmen. "We have the master craftsmen in the legislative field in the Democratic party."

"We believe in supporting President Eisenhower when he's right and when we support him we do it proudly. When we oppose him, we do it on principle."

Cites Example
Johnson said he told the governors they had come to Washington at a time when the Republican leader in the Senate, Sen. Knowland of California, was attacking Eisenhower's foreign policy.

"I reminded them that the chairman of the Senate Republican Policy Committee (Sen. Bridges of New Hampshire) is arguing with the President over whether a 'blunder' was committed in publication of defense secrets."

"I pointed out that the chairman of the Republican Committee on Committees (Sen. Bricker of Ohio) has presented the Bricker constitutional amendment to limit presidential treaty making power, which the President opposes."

"With these facts in mind, I said that the divisions among the Democrats are minor and practically unnoticeable as compared with the splits among the Republicans."

Shivers Not Discussed
Johnson said there was no discussion at the closed meeting of whether Gov. Allan Shivers of Texas and others who bolted in 1952 would be welcomed as delegates to the 1956 presidential nominating convention.

Shivers, whose support helped Eisenhower carry Texas, said in an interview that he still opposes Adlai Stevenson, who was the Democratic nominee. Democratic National Committeeman Carmine De Sapio of New York indicated he is lukewarm toward the former Illinois governor.

Gov. G. Mennen Williams of Michigan, who previously had said Stevenson looked like a shoo-in for the 1956 nomination, said the Democratic party "has plenty of candidates" qualified for the presidency regardless of whether Stevenson seeks the nomination again.

NYU PROFESSOR IS GRADUATION SPEAKER AT LHS

Dr. Howard A. Lane, professor of education at the New York University School of Education, will be the speaker for the annual commencement exercises at the Littlestown High School, to be held on Wednesday, June 1, 8:15 p.m., in the high school auditorium.

Dr. Lane is a specialist in early childhood education, the problems of youth and human relations. He came to New York University in 1946 from Wayne University, where he was professor of educational psychology and psychologist for the Detroit Police Department. From 1944 to 1946, Dr. Lane combined a study of delinquency with the training of police officers in Detroit and was instrumental in designing and implementing the coordinated Detroit program for handling problems of youth.

A native of LeRoy, Kansas, he studied at the Kansas State Teachers' College in Emporia, and holds the master's degree from the University of Kansas and the doctorate from Northwestern University. He has taught in the high schools in Douglas, Kansas, and Tulsa, Oklahoma, and is a former superintendent of schools at Highland, Kansas. From 1931 to 1944, he was a member of the faculty of Northwestern University. During that period, Dr. Lane worked extensively in the schools of North Shore communities and with members of the school boards and teachers' institutes and workshops sponsored by the Kellogg Foundation. In 1941-1942 while on leave from Northwestern he served as head of the social science department at Hampton Institute, Va., and reorganized the department.

Dr. Lane has been consultant on the improvement of student teaching for the American Council on Education, and for several years he was a member of the governor's advisory committee on the Illinois State Training School for boys. He contributes to many educational periodicals, including "Education Leadership," "Childhood Education," "Education Digest," and the "NEA Journal," and too numerous yearbooks. His pamphlet "Small Children, Too, Are Free," published by the Anti-Defamation League, is a treatise on children's basic needs.

Wayne Milton Hull, son of Mr. and Mrs. Milton Hull, New Oxford, R. D., was baptized in St. Paul's Evangelical Reformed Church, New Oxford, Sunday morning by the pastor, the Rev. A. C. Rohrbach.

"SOJOURN IN MEMORY"

When lights are low and shadows fall . . . across the evening sky . . . I wander into reverie . . . of days that have gone by . . . I stop at places I beloved . . . to relive once again . . . the happiness encountered there . . . in times away back when . . . renewing old acquaintances . . . folks who have long since gone . . . for in the land of memory . . . somehow they linger on . . . we talk about so many things . . . that happened in the past . . . hours full of friendliness . . . that faded all too fast . . . I delve still further in the land . . . where childhood dreams were made . . . and I can almost hear my mother . . . croon a serenade . . . then without warning I come back . . . from memory's sojourn . . . but when evening shadows fall . . . again I shall return.

DAIRY QUEEN STORE OPENS

Gettysburg's new Dairy Queen store on Lincolnway East will have its formal opening Friday.

According to John Maslowski, proprietor, this is one of approximately 500 new Dairy Queen stores expected to open throughout the country this year. At present, more than 2,500 Dairy Queen stores are operating in the United States and a score of foreign countries. These refreshment establishments feature a dairy product which is frozen a few seconds before it is served.

Dairy Queen's method utilizes a special machine which freezes and dispenses in one operation, while holding the temperature constant. This sanitary process preserves the nutritional value, including protein, calcium and vitamins found in fresh, fluid milk. Made from milk, Dairy Queen has helped to create an ever expanding new market for dairy farmers.

The home of "the cone with the curl on top" will be open daily throughout the season from 10 a.m. to 11 p.m.

In addition to cones, Dairy Queen will be available in sundaes, malts and shakes, as well as in quart and pint-sized cartons to take home.

gating committee appointed in April, the following were elected to membership in the company: Gene Hankey, Monroe Bair, Robert Morgret, Stanley Barthold and Harold G. Cool.

Bills ordered paid amounted to \$127.15. Receipts for the evening totaled \$363.41 and included donations from Clinton Martin and Charles Shoemaker for service rendered by the company at fires on their property. A cash donation, received from an Adams County political candidate, Ivan D. Rickrode and Dennis S. Wallick, who compose the committee to have the cupboards repaired, reported that the work is being done by I. D. Crouse and Son. Henry E. Waltman reported on the price for having the cones used by the fire chief and

assistants, in parades, brass-plated and the company voted to have the work done before the coming parade season begins. Decisions on the merits of purchasing hose protection brass, investigated by the trustees, and the possibility of securing a public address system were tabled. It was announced that Mrs. Orpha Sheely was the recipient of the April Club award of \$97.75.

Fire Chief Glenn E. Ohler reported four calls since the last meeting, with three in the borough and one in Mt. Joy Twp., with a total damage of \$6,650. Truck foreman Dennis Wallick informed the firemen that the high pressure hose lines on the Mack truck are in very bad condition, and suggested the purchase of two 50-foot sections. Approval was voted by the company. Following the business, refresh-

ments were served by the social committee, consisting of John P. McSherry, Paul E. Hiltzbrick Jr. and Kenneth Hartcock. Fifth-six members were in attendance at the May meeting.

The Alpha firemen will meet again on Tuesday, June 7, 8 p.m.

BIRD WORDS WIN
BENTON HARBOR, Mich. (AP) — A 6-month-old parakeet talked radio station WHFB out of \$50, a chrome cage and a year's supply of bird seed.

Series Of Charges After Police Chase

Daniel Osborne, 22, Brodbeck's R. 1, faced a series of motor code violation charges following a wild chase he led Hanover Police and state police of the Gettysburg Substation early Monday.

He was given a hearing Monday before Justice of the Peace William Y. Nail Jr., Hanover, on a charge of turning off the lights of a motor vehicle to avoid arrest. He entered a plea of guilty and was committed to jail in default of bond.

Other charges he faces upon filing by state and Hanover police are operating a motor vehicle without registration plates and without an operator's license, reckless driving, failure to stop at a red signal light, failure to obey traffic signs and failure to stop at the signal of police.

Stone Jug 4-H Club Meets At Zepp Home

Plans for community service were discussed Monday evening by the Stone Jug 4-H club at a meeting held at the home of Glenn Zepp, Gettysburg, R. D.

Local Leader Roy Weaver Jr. and Assistant County Agent John Naugle met with the groups. Reports were made on projects being carried out by the members, 18 of whom were present. The group planned to hold two demonstrations on various phases of the program each month, not only as an educational feature for all members, but also to give each member an opportunity to practice speaking before the group. A softball game was held prior to the meeting.

The annual mother and daughter banquet of St. Mary's Evangelical and Reformed Church, Silver Run, will be held on Friday at 6:45 p.m., in St. Mary's Lutheran parish house. The dinner, which is sponsored by the Women's Guild, will be served by the members of the Lutheran congregation. Committees for the affair follow: Program, Mrs. Edward H. Leister, chairman, Mrs. Clarence Beschtel, Mrs. Roy D. Knouse, Mrs. Paul E. Bankert, Mrs. Christopher J. Noss, Mrs. Merwyn Dutterer and Mrs. Guy W. Wolfe; ticket committee, Mrs. Charles Leppo and Mrs. Herbert E. Myers, co-chairmen. Mrs. Clinton Wintrobe, Mrs. Helen Brown, Mrs. Guy D. Kooztz, Mrs. James Dutterer, Miss Janet Beschtel, Miss Ella Hollinger and Miss Donna Stonesifer.

Charolyn Groft was leader at the meeting of the Christian Endeavor Society of St. John's Lutheran Church on Sunday evening. Miss Groft discussed the topic "One Vocation Under Faith."

The following program was presented: Seed thought; group hymn; poem, Shirley Leister; C. E. pledge in unison; hymn; piano solo, John Groft; Scripture, Joyce Strevig; prayer, Charolyn Groft; vocal solo, Mary Rohm. It was decided to hold a square dance in the church grove hall on Friday, May 27, 7:30 p.m. Sonny Barnes and Richard Mackley were selected to be leaders for the meeting on Sunday at 6 p.m. The meeting concluded with a group hymn; poem by Joyce Barnes and the C. E. benediction in unison.

The weekly Good Will Days program will be held on Saturday evening at 8 o'clock in front of the Littlestown National Bank building.

TWENTY YEARS AGO

800 Knights Templar Take Part In Annual Ascension Services: More than 800 Knights Templar of Pennsylvania and other nearby states came to Gettysburg Sunday and participated in the fifth annual Ascension Festival service.

The large auditorium at St. James church was crowded for the service. Frank E. Hammaker, commander of the Gettysburg Commandery, welcomed the Knights Templar to Gettysburg.

Music for the parade was furnished by the Hugh de Payne commandery band of Easton, Pa., and the Blue and Gray and college bands of Gettysburg. The Blue and Gray band wore natty new olive drab uniforms.

Peters-Crum Nuptials Read: Miss Donna A. Peters, daughter of Mr. and Mrs. Wilfrid Peters, of York, formerly of Wrentham, and Earl W. Crum, son of Mr. and Mrs. Henry Crum, of Bendersville, were married Saturday evening in the parsonage of the Ridge Avenue Methodist Episcopal Church, Harrisburg, by the Rev. J. R. Shultz.

Mr. and Mrs. Crum will reside in the home Mr. Crum recently erected in Biglerville.

Buy On Oak Ridge: Dr. and Mrs. Roy W. Gifford, Sachs apartments, have purchased a tract of more than eight acres of land on Oak Ridge from Dr. J. Forney and plan the erection of a native stone dwelling which they will occupy as their residence. The purchase price was \$800.

125 Catholic Women Here In Annual Session: More than one hundred and twenty-five women attended the first day's sessions of the twelfth annual convention of the Harrisburg diocesan council of the National Council of Catholic Women in St. Francis Xavier hall, Wednesday morning. The convention closed on Thursday evening.

"Buzz" Hunter Weds: George William Hunter, one of the outstanding athletes of all time at Gettysburg high school, was married in Philadelphia, Saturday, April 27, to Miss Marie Hursh Huber, daughter of Mr. and Mrs. Charles Huber, of Philadelphia.

IOOF Hears Of Early History On Anniversary: Union Encampment No. 126, IOOF, celebrated the fifteenth anniversary of its reorganization in the lodge hall Wednesday evening with an attendance of about one hundred, including members of the families and friends of encampment members.

A brief address was given by the Rev. L. B. Hafer, recounting some of the history of the encampment from its first institution, and to the place of the encampment in the work of Odd Fellowship.

Miss Christine E. Meyer Is Crowned May Queen: Miss Christine E. Meyer was crowned "Queen of May" by the Business and Professional Women's Club at a banquet at the Lee-Meade Inn, Thursday night. Fifty-four members were in attendance.

Miss Esther Reaser bore the silver sequined crown on a white satin cushion. The attendants were Miss Caroline Rupp, Miss Roberta Deardorff, Mrs. N. Ross and Miss Sara Sheads.

Today's Talk

BLIND TO FAULTS

We would be much happier human beings, and be blessed with many more friends than we have, if we were not so critical of those we do have. Most of us have the faults common to all, but they keep getting bigger when we turn the light on them.

Thomas Grey, the poet, told a friend of his to "remember Dryden" and be blind to all his faults. So often it is the case that in putting emphasis on the faults of another, we actually stumble over that one's good points. We can well believe that every human being has more good qualities than bad ones. By being blind to faults we see the best in another.

It is interesting to read all the nice things said about a public man, at his death, who stood up to all sorts of criticism and abuse in life. The latter are hushed then, and well may they be. The wisest procedure is to pass judgment upon no one. Be blind to faults.

By doing this we outline a plan for our own self-improvement. Sincerely give suggestions and encouragement are always something welcomed. But nearly always a person is most sensitive to the naming of his faults. They are his and he wants no interference with such intimate personal property! Just think what it means to have a friend to whose faults you are not drawn or attracted. There must be something warm and inviting to such a personality. Love is blind to faults, and I think it is a wonderful thing. Most mothers are blind to the faults of their children.

We live in a very imperfect world. It would be strange if we didn't inherit, and adopt to our use, many of the faults of mankind. The only Utopia to which we can look forward is that of a vastly better world, free of all wars, and with the dignity of the individual at its highest attainment.

Tomorrow Mr. Adams will talk on the subject: "For Your Pleasure"

Just Folks

SHARING

If wealth were all men had to share, This life would dreary be. Since money makes the millionaire, But few could live as he. But few could give what he bestows To comfort or assist, Yet there is much the poor man knows That would be greatly missed.

A barefoot boy can comrade be With all who fish the streams, And with them share his company And also share his dreams.

A little garden, blossom gay, For which some one has cared, With all who chance to pass that way Will happily be shared.

We share our joys with those we love. We share the books we read. We share our faith in God above. We share another's need. With all we know we share our lot. Our faith and evening prayer. And well it is that wealth is not The only thing to share.

No More Hicks Are Left, Professor Says

GRAND RAPIDS, Mich. (AP) — Prof. Arthur Mauch of Michigan State College says scientific research in agriculture has changed farming from a "way of life to a way of making a living."

The city limits sign today is merely a tax boundary, the professor says. "It is no longer cultural boundary, a recreational, educational, social or economic boundary. The same kind of people live on one side as on the other."

"The country 'thick' of a generation or two ago has almost disappeared from the American scene."

DOUBLE DUTY

PORTSMOUTH, N. H. (AP) — Atty. Robert Shaines led double duty in municipal court.

Appearing as defense attorney in a disturbing the peace case, Shaines was called by City Solicitor Thomas E. Flynn to testify as a prosecution witness against his client.

The case was dismissed after Shaines argued successfully that the charge had not been proved.

FIERY MASH

\$209,329.02 IN STATE BONUSES IS UNCLAIMED

HARRISBURG (AP)—State Treasurer Weldon B. Heyburn today completed a final check and closed the books on World War I bonus payments under the 1934 "Veterans Compensation" Act.

Unclaimed bonuses amounting to \$209,329.02 plus an additional \$86,470.91 in "excess earnings" realized through investments, will be turned over to the commonwealth's General Fund, Heyburn said.

The unclaimed bonuses, he explained, resulted from checks returned to his office with no forwarding address or for varied other reasons.

There is now no legal means for World War I veterans to claim a state bonus under the 1934 act.

Following several extensions by the General Assembly of the dates on which claims to "adjusted compensation" could be made by World War I veterans, the 1953 Legislature set the closing date at March 1, 1955.

Makes Final Payment
On that day, Heyburn made a final payment of 2 1/2 million dollars on a 30 million dollar loan to close the full account.

A total of 50 million dollars was appropriated for the bonus by legislative action and public referendum under the act dated Jan. 5, 1934.

The commonwealth subsequently issued 30 million dollars in 3 1/4 per cent bonds on March 1, 1934 and another 20 millions in 3 per cent bonds on May 1, 1934.

The 30 million dollar issue was redeemed at the rate of 2 1/2 millions every year for 13 years beginning March 1, 1944. The second issue was paid at 2 million per year for 10 years with the last payment on May 1, 1953.

Meanwhile, a force of three persons is carrying on the work of Pennsylvania's World War I Veterans' Compensation Bureau but stands ready for any new duties.

A bonus similar to that of World War II—\$15 a month for overseas service and \$10 a month for domestic duty, with a top of \$500—has been proposed in the General Assembly for veterans of the Korean conflict.

PAY AS YOU ENTER

PITTSBURGH (AP) — The Pittsburgh Railways Co. said it was shocked to learn many commuters who ride its trolleys only a few blocks in the business district were under the impression the ride was free.

A checkup showed many persons entered and left by the side doors. Now, the company keeps the side doors closed in the business district. Passengers pay as they enter.

MUSTN'T TOUCH!

ALBUQUERQUE, N. M. (AP) — An embarrassed tourist explained to firemen she was just showing her children what not to touch on an alarm box, opened the small glass door, and the alarm went off. Firemen of three trucks concluded the explanation.

PIE FOR COOK

AUSTIN, Tex. (AP) — When fire broke out in a store room in her apartment, Mrs. Paul Robinson let firemen worry. She was cooking a blueberry pie and stayed in the kitchen to watch it.

Crew Of Big Craft Is Believed Lost

REYKJAVIK, Iceland (AP)—Little hope was held today for nine crewmen of a U. S. Air Force flying tanker which plunged flaming into the stormy North Atlantic. But an air-sea search continued on the chance some might have gotten clear of the blazing wreckage.

U. S. Air Force headquarters said the plane, a strato-cruiser-type oil transport, radioed yesterday it was afloat about 90 miles southwest of Iceland. The aircraft was en route from Keflavik, Iceland, to Prestwick, Scotland.

Later rescue craft reported seeing a big oil slick and what appeared to be wreckage, but said there was no sign of survivors.

"Do-It-Yourself" Job Often Needs Expert

PITTSBURGH (AP) — J. Raymond Shepard, president of the Pittsburgh chapter, Painting & Decorating Contractors of America (AFL), says his group is no longer fighting the "do-it-yourself" trend.

"The publicity on 'do-it-yourself' has created an urge in a large number of people to go out buckets of paint, brushes and the other necessary equipment to paint a room or house," he says. "Only in rare cases will they buy all the materials and equipment necessary to do the job right."

"When they get home and are surrounded by their materials, many people become discouraged by the problem and call in an expert. Some get bogged down in the middle of a job and call in an expert. Quite a number finish the job, and then call in an expert to do it over!"

DULLES FINDS ENCOURAGEMENT

WASHINGTON (AP)—Secretary of State Dulles today professed "a certain sense of encouragement" over the general world situation. He said it is based on "a series of small but perhaps significant signs."

Dulles was before the Senate Foreign Relations Committee to discuss the administration's \$1.2-billion-dollar foreign aid program for the fiscal year beginning July 1. Dulles was the first witness at hearings on the request.

Before he opened the hearings, Chairman George (D-Ga.) told reporters he thinks the Senate will eventually vote "somewhere in the neighborhood of the amount asked." But he said there is a reluctance to appropriate "great new funds" on top of some nine billion dollars previously appropriated and not yet spent.

Boys 12, 13 Admit They Fired Church

PHILADELPHIA (AP)—Two West Philadelphia youngsters, caught trying to rob an ex-policeman's house, have admitted starting a fire that destroyed a church. The boys—Maurice Gavin, 12, and Robert Gray, 13—also told police they started four other fires, juvenile aid investigator James A. Mobley Jr. reported.

An auxiliary policeman, Abraham Lester, 45, was killed in an auto mishap while driving to the church fire five weeks ago.

The boys were arrested by George Rex, 59, a retired policeman, who caught them prowling at his home.

MISS WALLEN TO BE MAY QUEEN AT NEW OXFORD

Ramona Wallen, 17-year-old daughter of Mr. and Mrs. Norman E. Wallen, New Oxford R. 2, will be crowned May Queen at May Day ceremonies to be held on the campus of the New Oxford High School next Thursday at 2:15 p.m.

Miss Wallen is a commercial student at the high school here and has been active in dramatics.

Betty Griest, daughter of Mr. and Mrs. John Griest, New Oxford R. 1, will be the attendant to the May Queen. She is a student in the home economics department of the school. She is a member of the band and played on the girls' basketball team. She is a class historian.

The other members of the queen's court are Anna Biessecker, Thelma Bentzel, Pat Mummer, Barbara Sipe, Ruth Ann Roland, Jean Brown, Kathy Castellano, Edna Stair, Diane Myers and Darlene Stambaugh. Exhibits by the Art, Home Economics and Industrial Arts Departments will be on display during the afternoon and evening.

HANGING QUESTION

HARTFORD, Conn. (AP) — Republican Majority Leader Norman K. Parsells implied no threat to Abraham A. Ribicoff, Democratic chief executive, when he said on the floor of Connecticut's House of Representatives, "We always hang our governors." Parsells was speaking in favor of a resolution authorizing the painting of an official portrait of Ribicoff.

CAFETERIA SERVICE

ATLANTA (AP) — An odor reminiscent of a fish-wharf in July crept through the Fulton County Courthouse and sent a maintenance man of a quick investigation. He found a fish sandwich taped to a light bulb. The heat had burned through the wrapper and into the fish. It was a maid's idea of keeping her lunch warm.

HOUSE PASSES EXPENSE BILL

HARRISBURG (AP)—A bipartisan effort to boost expense allotments of lawmakers from \$1,800 to \$3,000 a year is headed for quick Senate action after winning approval of the House.

Sixteen House Republicans and seven Democrats opposed the measure yesterday when it was passed, 140-23, without debate. It would not affect the present \$3,000 per session salary of House and Senate members.

However, the bill includes a provision to make the salary \$3,000 a year, instead of for two years as at present, if annual sessions of the Legislature are held.

Expense allowances are granted for clerical assistance and other office expenses. The higher expenses, if approved by the Senate and governor, would be effective immediately. Beginning next year it would be paid out in a \$500 check on Jan. 15 and \$250 payments on the first day of each month thereafter except in December.

Reps. Albert S. Readinger and Charles C. Smith, the Democratic and Republican floor leaders, are sponsors of the proposal.

A companion measure to double the present maximum pension of \$1,500 a year is still under committee consideration.

In April Gov. George M. Leader vetoed a bill passed in a record two weeks (for 1955) by both houses providing for a top pension of \$3,300 a year. He said it contained objectionable features and raised serious doubt of its constitutionality.

Home Runs Seen As Secret Of Dodgers' Head Start In NL; Beat Cards With HR Total At 32

The Associated Press
The secret of the Brooklyn Dodgers' staggering head start in the National League now is out in the open—and it's not a complicated one. It's nothing more than the old-fashioned home run.

Gil Hodges, Duke Snider and Roy Campanella hit three more at Ebbets Field last night to crush the St. Louis Cardinals 12-4.

This was their sixth victory in a row, their 17th in 19 starts. It gave them a 6½-game lead over second-place Chicago.

The Dodgers have hit 32 home runs, accounting for 59 runs. Many of them have come at "clutch" moments.

Furillo Leads
Right fielder Carl Furillo leads with eight. Snider has seven and Campanella five.

While the Dodgers keep right on sizzling, the other red-hot teams in both leagues run into occasional cool-off periods.

The Cleveland Indians, American League leaders who had won seven of their last eight, were chilled by the New York Yankees, who scored seven runs in the last two innings to win 11-5. The brash Detroit Tigers, winners of 9 of 10 and facing a chance to take over the league lead, dropped a taut 11-inning game to the Boston Red Sox 3-2.

Cub's Streak Snapped

The Chicago Cubs saw a four-game winning streak snapped at the Polo Grounds, where an 11th-inning home run by Whitey Lockman gave the reshuffled New York Giants a 4-3 triumph.

The Kansas City Athletics defeated the Baltimore Orioles 6-5 for their seventh victory in nine games. The Pittsburgh Pirates won their fourth straight, whacking Milwaukee 5-4.

The Washington Senators smothered a late rally to shade the Chicago White Sox 5-4 and Cincinnati's Redlegs walloped the Philadelphia Phillies 7-3 with the aid of two home runs by Wally Post.

Both Snider and Campanella hit their homers for Brooklyn with two men on base while Hodges socked a longer. The Dodgers continued to get good hitting and pitching when they needed it. Johnny Podres gave up nine hits, including home runs, to Rip Repulski and Ken Boyer, but he never was in grave danger.

Manager Leo Durocher shook up the batting order of his world champion Giants and the move paid dividends. Young Foster Castleman, replacing Davey Williams at second, got the first home run of his major league career. Ruben Gomez won the tense mound duel from Sam Jones.

Rookie Roberto Clemente made a spectacular catch to save the Pittsburgh game. He ran deep to the right field stands to spear George Crowe's long drive with two out in the ninth and two men on base for Milwaukee.

Zernial Homer Helps

At Cleveland, the Yankees scored four runs in the eighth and three in the ninth to crush Bob Lemon's bid for his sixth straight victory. Yogi Berra homered for the Yanks and Dave Pope for the Indians. Tom Morgan, who relieved Bob Grim in the seventh, was credited with the win.

Willard Nixon, although replaced by Ellis Kinder in the 11th, pitched the Red Sox to their first victory in seven games, bettering Frank Lary in a good mound duel. The deciding run came in the 11th after the bases were filled by two singles and a walk. An infield out by Tony Lepcio brought Harry Agganis home.

A home run by Gus Zernial and some tight relief pitching by Tom Gorman accounted for the Athletics' verdict over Baltimore.

Chuck Stobbs did a top-flight relief job for Washington's Bob Portier at Chicago. He came into the game in the ninth to stop the White Sox with two men on base and one out.

CAMDEN, N. J. — To Cash (\$5,200) triumphed in the York purse at Garden State Park.

NINE ENTRIES SO FAR FOR 81ST DERBY RUNNING

LOUISVILLE, Ky. (AP)—Preparations for the 81st Kentucky Derby virtually were completed today with at least nine finely tuned 3-year-olds ready for the start.

The name of a tenth may well be dropped into the entry box before the deadline at 10 a.m. tomorrow.

The horses themselves have completed their training with the exception of a blowout tomorrow and possibly speed sharpeners by two of the favorites—Mrs. John W. Galbreath's Summer Tan and Rex Ellsworth's Swaps. Nashua, the 4-5 choice from William Woodward's Belair stud, is as fit and ready as man can make him.

Most Pick Nashua
These three dominate the race almost to the exclusion of all others. Here and there could be found scattered supporters for the Cain Hoy Stable pair of Racing Fool and Flying Fury.

But the early arrivals joined with the trainers of the Derby candidates in picking Nashua as the horse to beat—come rain or shine. And they say it'll be either Summer Tan or Swaps in the runner-up spot. Early odds quoted Summer Tan at 2-1 and Swaps at 6-1.

The weatherman's prediction calls for temperatures hovering around 90 degrees and a lightning fast track. Such conditions could well endanger Whirlaway's record of 2 minutes 14.4 seconds established in 1941.

Eastern League
By THE ASSOCIATED PRESS

The Eastern League is warming up with the weather. The first manager got the heave-ho last night for beefing at an umpire's decision and a pitcher was warned for dusting off a batter.

Binghamton and Williamsport continued to maul the opposition. Allentown's Hal Ott got the bounce. The Redbird skipper did not agree with Umpire Henry McGowan that Elmiras' Dave Mann was safe on a steal of home. When he prolonged the argument, McGowan gave him the thumb.

Earlier, Elmira's Joe Gushanas, who pitched a neat four-hitter to knock off the Redbirds, 4-1, was warned by McGowan for throwing too close to Jack Huesman, the visitors' second baseman. Huesman had hit the dirt four times in the first inning and once again in the sixth.

Binghamton ran its win streak to six straight when the Triplets exploded for four runs in the 11th inning to down Reading, 9-5. It was the Indians' fifth loss in a row and dropped them into third place, two games out.

Williamsport, defeating visiting Albany 10-3 for its fifth straight, jumped into second. The Grays drubbed three Senator pitchers for 1 hit and 24 total bases. Young Ray Mehan picked up his first victory against two defeats, scattering six hits.

Schenectady stopped a three-game losing streak, thumping visiting Wilkes-Barre, 12-2.

Big Car Races At Williams Grove

WILLIAMS GROVE, Pa. — Winners of three of the four races staged on the AAA's Eastern Circuit so far this year will meet again Sunday afternoon when Roy Richwine makes his third try to present the twice rained-out inaugural big car auto race of the 1955 season.

They are: Tommy Hinnershitz, Reading's famous "Flying Dutchman," winner of the feature on April 3 before his home-town folks; Fred Peters, Plainfield, N. J., the victor on April 23 at Hatfield, Pa.; and Charley Musselman, Collegeville, Pa., who won last Sunday at Langhorne.

Only tragedy prevents Richwine from bringing back the driver who accounted for the fourth sprint race this year, Mike Nazaruk, of North Bellmore, L. I., who rode to victory at Langhorne on March 20 only to lose his life in a spectacular crash on the same track last week. Nazaruk, a veteran of the "500," had turned his entry in before he was struck down at the height of his career in the sport.

There was no question, either, that the second knockdown in Rocky's career couldn't have come at a better time in the buildup for Marciano's May 16 title defense against British challenger Don Cockell in Kezar Stadium.

His Heavy Partner
Rocky, floored by Jersey Joe Walcott's left hook for a four count in the first round of their Sept. 23, 1952, title fight, is a heavy favorite to beat Cockell by a knockout.

Manager Al Weill, seemingly surprised at seeing Rocky on the canvas in a training workout with 16-ounce gloves, recovered quickly to exploit the punch.

"It only goes to show," he said, "that anything can happen when two men are in there swinging."

Wilson, telling what he saw, said, "Both men threw left hooks. I was Hall's that landed."

"Marciano was down for three seconds, maybe four. Then he was back on his feet."

ROCKY DOWNED BY SPARRING MATE'S HOOK

CALISTOGA, Calif. (AP)—Heavyweight champion Rocky Marciano was "properly nailed" and floored yesterday by a sparring mate's left hook to the jaw.

"It was a knockdown, no question about it," said Peter Wilson, of the London Daily Mirror. Wilson was one of five British boxing writers watching Rocky work out with Toxie Hall, of Chicago, a 200-pounder.

There was no question, either, that the second knockdown in Rocky's career couldn't have come at a better time in the buildup for Marciano's May 16 title defense against British challenger Don Cockell in Kezar Stadium.

ORAVETZ RATED BY DRESSEN AS POSSIBLE STAR

By FRANK ECK
"Wait'll you see this little guy hit line drives," Charley Dressen enthused from behind the batting cage. "His name's Ernie Oravetz. He's only 5-feet-4 and a pretty good little hitter. His father's a coal miner."

"Let's see you drag one," Dressen ordered the chunky 150-pound bespectacled left-handed swinger. He dragged one from a flat-footed position.

"Now be on the run and take the bat with you," instructed Washington's new manager. "That's how you can get a jump on everybody."

He dragged two of the most beautiful bunts anyone would care to see, a la Richie Ashburn.

Ashburn's faster, Dressen observed.

"Man on first, pull one to right field and get him to second," Dressen ordered.

Oravetz, who has spent two years in the Army, including 15 months in Germany, double-crossed the skipper. He sliced an outside pitch to left field. Dressen laughed.

"All right," said Dressen, "you got him to second the hard way. Now you've got to pull one to right to get him in."

Oravetz dug in and took a vicious swing for a guy who looks like he's standing in a hole. The ball sailed on a line to the right field wall 337-feet away, foul by inches.

"All right," said the man the Dodgers fired in 1953 when he asked for more expensive money. "In a game that would have scored a run."

Johnstown Product
Oravetz apparently can do a lot for a little guy. In 1951, his first year in baseball after three years of center fielding for Johnstown, Pa. High, he led the Class D Florida State League with a .364 mark for the Orlando Senators. In 1952 he batted .306 as regular right fielder for Chattanooga in the AA Southern Assn.

After leaving the batter's cage Oravetz ran to the outfield to snag flies and Dressen followed.

"When you were at Chattanooga how did they try to pitch to you?" Dressen asked the 23-year-old rookie.

"High and outside," Oravetz replied.

"Well, when you get up there at the plate try to crouch a little like Eddie Stanky. Then they won't have much of a strike zone," said Dressen. "When they see you do that they'll try to throw you strikes."

"I might want to put you in a game and tell you to bust the first pitch. Maybe when I'm talking to you they'll think I'm telling you to draw a walk."

"Pull your pants up high around your knees. That also helps shorten the strike zone, and the suit will look better on you."

The Senators picked up Oravetz at a 1951 baseball school he paid to attend at Cocoa, Fla. Chances are in 10 minutes under Dressen he learned more than he ever had at a baseball school.

Says Old Treaties Give Free Hunting

ALLEGAN, Mich. (AP)—Can Indians of the Potawatomi Tribe hunt and fish for free in Southwestern Michigan?

The Indians say yes. Court of Justice Ben Clobash says no.

One of the tribe was arrested for hunting without a license. He claimed his tribe had lifelong hunting and fishing rights under treaties of 1795 and 1821.

The Indian was fined \$10. The "Potawatomi Indians of Michigan and Indiana, Inc.," a non-profit organization formed to maintain tribal relationships and protect the rights of the Indians, are appealing.

Cardinals Will Meet Southpaws

TAMPA, Fla. (AP)—Rivals of the St. Louis Cardinals probably will send their southpaw pitching brigade against the Redbirds in St. Louis. This is the thought of Redleg manager Birdie Tebbets.

Says Birdie: "Removal of that screen in right field at Busch Stadium this year has created a problem for opponents of the Cards. They'll have such lefty swingers as Stan Musial, Red Schoendienst, Solly Hemus, Wally Moon and Bill Virdon. Therefore, a diet of southpaw pitching must be the answer."

BASSETTS EYE INJURED

PHILADELPHIA (AP)—Top featherweight contender Percy Bassett undergoes an eye examination today that could determine whether he will be able to continue boxing.

Following the scheduled examination by Dr. P. Rbb McDonald, Bassett will enter Wills Eye Hospital for surgery on a detached retina in his left eye.

Bassett arrived here yesterday after a flight from France where he took a Seraphin Ferre, French lightweight champion. Bassett says he suffered his injury in the first round of that bout.

INTERMEDIARY BETWEEN REDS, U.S. NOT PICKED

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Secretary of State Dulles has decided against designating any nation just now as an intermediary for the United States in efforts to get cease-fire negotiations going with Red China. Officials cited several reasons:

1. The United States is willing to negotiate now only for a cease-fire. Dulles does not want this position itself to become a subject of bargaining so that wider issues, such as the future of Quemoy and Matsu, become involved.

2. Britain, Pakistan and India are trying on their own initiative to find out Red China's intentions. No American initiative now is essential to keep the situation moving.

3. Dulles does not want to "play favorites" among the nations trying to act as intermediaries.

Next Move Up To Reds
In effect, this attitude puts the next move up to the Chinese Reds, and there is no lack of avenues by which they can make their views known.

Dulles is scheduled to fly to Paris tomorrow for a meeting of the North Atlantic Treaty Council. Arrangements have been made for him to discuss Far Eastern problems with French Foreign Minister Antoine Pinay and British Foreign Secretary Harold Macmillan.

These will include Viet Nam and Formosa. On the latter, officials said the first aim is to determine whether the Reds are willing to talk about a cease-fire in the way in which Dulles has indicated the United States is willing to negotiate.

Dulles has implied the United States is ready to try to get the Chinese Communists to stop shooting but that it is not willing to pay a price in territory or other substantial concessions.

The present U. S. government view about settlement of broader Formosa issues is that it would come about in stages, probably over a long period.

IKE'S PROMISE ON SALK VACCINE LIFTS PRESSURE

WASHINGTON (AP)—President Eisenhower's promise that Salk polio vaccine "is going to be distributed equitably" stilled for a time today congressional demands that the government take on full supervision.

But Congress members, like the President, appeared ready to step in with mandatory controls if the voluntary system Eisenhower advocated should fail.

The President told his news conference yesterday that no child would be deprived of the vaccine "for want of ability to pay." A later White House statement went further, saying:

Propose Huge Fund
"If a situation ever develops in this country where children are deprived of the vaccine because of inability to pay or maldistribution of the supply available, the President would immediately ask . . . authority . . . to buy the entire output of the vaccine. . ."

Rep. Keating (R-NY) said he would introduce legislation today to give Eisenhower a million-dollar fund to buy vaccine for needy children.

Sen. Humphrey (D-Minn) called for "severe penalties" against any person who violates the voluntary allocation program being set up.

But Senators Hill (D-Ar.) and H. Alexander Smith (R-NJ), chairman and senior Republican on the Senate Labor Committee, said that group will take no action this week. They spoke after hearing from Surgeon General Leonard Scheele, head of the U. S. Public Health Service.

Child Dies Of Polio
Meantime, West Virginia reported its first case of polio among first shots in that state, and in New Orleans a child died of polio eight days after receiving the vaccine.

These were in addition to 3 post-inoculation cases which the Public Health Service said yesterday had been reported to it.

The health service said 29 of the 23 cases involved use of vaccine manufactured by Cutter Laboratories, of Berkeley, Calif. Supplies of that company's vaccine have been withdrawn for further testing. The four other cases involved supplies furnished by Eli Lilly & Co., of Indianapolis, on which no restriction has been placed.

Unloading Feat Aids Lumber Salesman

COLUMBIA, S. C. (AP)—Gordon L. Chatterton who sells lumber for a couple of western firms unloaded 37,000 board feet from a freight car in a single day. William L. Booser

said the job usually takes three days. The Booser lumber yard had been faced with heavy demurrage charges when Chatterton volunteered to do it in one.

Local people watched bug-eyed as Chatterton worked and estimated he handled 56 tons of lumber between 8 a.m. and 4 p.m.

The salesman, a husky graduate of the University of Washington, worked his way through school as a longshoreman. Although he still varies his sales routine by taking on unloading jobs, he says he had not unloaded a car of lumber for four months before tackling Booser's freight.

Governor Is Preparing Reply To Duff's Charges

HARRISBURG (AP)—Gov. George M. Leader today readied a new reply to Sen. James H. Duff's charge that the chief executive was in "a trance" in proposing the 411 million dollar classified income tax.

The governor's office said a statement would be issued here simultaneously with a news conference. Leader is holding in Washington on his efforts to promote a \$35,700,000 industrial development program for Pennsylvania.

Leader was expected to reiterate his previous position that Duff, when governor, brought about the current financial dilemma by pushing the veterans' bonus and state construction without passing taxes to pay their future costs.

Duff, in a statement issued from Washington yesterday, said Leader has reneged on campaign promises to bring about economies in Pennsylvania's budget.

"Instead of promised economy,"

Duff said, "Gov. Leader has proposed the expenditure of hundreds of millions of dollars more than any previous governor..."

Duff, replying to Leader, said he personally asked legislators to provide a tax program to take care of the cost of financing the 440 million dollar veterans' bonus. "There were only 2 men of the 258 members of the General Assembly that were willing to follow that recommendation and neither one of them was a Democrat," he said.

Duff also described as "completely false" a statement he said was made by Leader that the practice of increasing teachers' salaries automatically was started in Duff administration.

Actually, Duff said, this was started in 1921.

Malone Backs Duff

In Pittsburgh, James F. Malone, Republican district attorney of Allegheny County and at odds po-

litically with Duff until recently backed up the senator's statement with:

"Duff's right, and he and I can prove it."

Malone said the "utter hypocrisy" of the Leader tax program is "too much for anyone to swallow."

Malone was fired as state insurance commissioner in 1950 after he refused to support John S. Fine for governor. Fine, backed by Duff, won the gubernatorial election.

Meanwhile, both the House and Senate were in recess until next Monday.

Rep. Albt S. Readinger, House Democratic floor leader, said he planned to call a meeting of all committee chairmen next week to push for passage of the administration's legislative program through the House.

Wants Orderly Procedure

"We want this program to pro-

ceed through the House in an orderly manner and not be confused with taxes and other bills," Readinger said.

The program ranges from improving departmental operations to carrying out Democratic campaign pledges on fair employment practices and similar legislation.

On another front, Rep. Albert W. Johnson (R-McKean), House assistant Republican floor leader, said the Democratic-controlled House Appropriations Committee is seeking to justify the size of the commonwealth's proposed \$1,800,000 budget instead of seeking means to cut it.

"I got the distinct impression that the purpose of the committee hearing on the Welfare Department budget was to substantiate it," he said in an interview. "The committee should be looking for economies."

Committee Meets Tuesday

Chairman J. Dean Polen (D-

Washington) said Johnson and other Republicans will be given "every opportunity" to pinpoint their suggested budget cuts.

The committee will convene again next Tuesday to take more testimony on the 600 million dollar plus grant asked by the Public Instruction Department.

Rep. Charles C. Smith, House Republican leader, took the floor yesterday to describe the governor as "a spoiled child" in demanding enactment of his tax program.

"He (Leader) has an awful nerve to throw stones—look at his record," said Smith. "He has a perfect record for voting against taxes."

Before the House departed yesterday for the weekend, it passed by a 140-23 vote a plan to increase the expense allowances of lawmakers from \$1,800 a year to \$3,000. If sessions go on an annual basis, then salaries would be doubled to \$3,000 a year.

FREE LAWYER OF MURDER COUNT

BIRMINGHAM, Ala. (AP)—Arch Ferrell, prosecutor at Phenix City in the days of its lush rackets empire, is free of the charge that he murdered vice foe A. L. Patterson last June 18.

The 38-year-old Ferrell sat tense yesterday as a jury returned the verdict of acquittal after deliberating 13 hours and 11 minutes. The

Duff, in discussing the commonwealth's financial structure, said he left a 22 million dollar cash surplus when he left as governor in 1951.

"This (happened) despite the greatest improvement program for all the people of Pennsylvania in the state's history," Duff said.

decision came after a 17-day trial. The young attorney, stripped of his office in the cleanup campaign which followed the Patterson slaying, had nothing to say to newsmen concerning his future plans.

Patterson was shot down outside his law office 17 days after he had been nominated as Alabama attorney general on a pledge to wipe out Phenix City's multimillion-dollar vice empire.

Ferrell was one of three men charged with the slaying. Albert Fuller, former chief deputy sheriff at Phenix City, was convicted and sentenced to life here March 11. Former Atty. Gen. Si Garrett is in a mental hospital in Galveston, Tex., and has not been tried.

Nautilus Starts Soon On Shakedown Cruise

WASHINGTON (AP)—The Nautilus, the world's first atomic-powered submarine, will start on her six-week shakedown cruise in the next few days.

Announcing this today, the Navy in a brief statement also disclosed belatedly that the Nautilus was officially delivered April 22.

The history-making submarine previously had logged more than 4,000 miles on her nuclear power plant, steamed both surfaced and submerged and made more than 80 dives during builder's trials which started Jan. 17.

subversive charges. One of 11 top U.S. Communists convicted under the Smith Act, he had already served a five-year sentence.

ASKS 5 JUDGES TO KEEP OUT OF APPEAL CASE

PHILADELPHIA (AP) — Justice Michael A. Musmanno suggested today that five of his state Supreme Court colleagues disqualify themselves when it comes time to take up a lawsuit Musmanno himself filed because otherwise "they are passing judgment on their own actions."

Musmanno appealed to Pennsylvania's highest tribunal to reverse the Dauphin County Common Pleas Court. It upheld Laurence H. Eldredge, state reporter, in refusing to publish one of Musmanno's dissenting opinions.

Musmanno contends Eldredge must publish the opinion. Eldredge, however, argues the dissent was filed too late and that Chief Justice Horace Stern, backed up by four other justices, ordered that it not be published in the state reports.

In a supplemental brief to his oral argument made last week Musmanno cited seven cases in which state Supreme Court justices filed dissents after the majority opinion was released.

The court, in a per curiam decision last June, refused to hear an appeal involving a Westmoreland County Common Pleas Court order barring the taking of photographs in the courthouse.

Musmanno dissented on grounds the court should hear the appeal because he said it involved freedom of the press.

Musmanno said in today's brief that only Justice John C. Bell Jr. didn't participate in the action regarding the Musmanno dissent.

Later he said in an interview that in 1904 Justice Robert von Moeckel was the only participant in a case appealed to the Supreme Court involving a pay increase for judges.

His brief said "for these five justices (Chief Justice Stern and Justices Allen, Stearns, Charles Alvin Jones, T. McKenney Chidsey and John C. Arnold) to act on this appeal would mean that they are passing judgment on their own actions, which, under all the authorities, is not American procedure."

CLUB GATHERS \$86 FOR CANCER FUND CAMPAIGN

The Mademoiselle Club met at the home of Myrtle Kennedy with 19 members present. Mrs. Rebecca Guise joined the club. A representative of a hosiery company was present to give the ladies any help needed regarding taking over the agency in this area. Mrs. Marie Zerbe was appointed chairman. Anyone wishing to purchase nylon hose may contact any member of the club.

Eighty-six dollars was collected by the Mademoiselle members for the Cancer Drive on their "Lights On" night. Jack Hershey, a member of the York Springs Lions Club, was at the meeting to ask the members to collect for the Warner Hospital building program and it was decided they would solicit the borough. Anyone living outside the town and wishing to contribute can do so by contacting any member of the club. The club attended a cooking demonstration at Dittler's Furniture Store. There were 36 members and guests present. Three door prizes were given to Mrs. Clair Slaybaugh, Mrs. Dorothy Smith and Mrs. Alice Koons.

William Miller, 13-year-old son of Mr. and Mrs. Merle Miller, received an injury to his elbow while practicing baseball Monday night. Wednesday at the Warner Hospital x-rays showed he has a dislocated elbow cap which will necessitate surgery.

The Fifth District Sunday School convention will be held in the York Springs Lutheran Church Saturday evening at 8 p.m., Sunday afternoon at 2:30 and evening at 8 o'clock.

York Springs Lutheran parish. Rev. Norman L. Bortner, pastor; Lower Meridian: Worship service at 9:30 a.m.; Sunday School, 10:30 a.m.; Chestnut Grove: Sunday School at 10 a.m.; worship service at 11 a.m.; Busy Workers, Tuesday May 11, at 8 p.m.; York Springs: Sunday School at 10 a.m.; Sunday School convention at 8 p.m.

Mr. and Mrs. Russell Gardner attended the annual spring banquet of the Explorers' Club of which Mr. Gardner is a member. The affair was held last Saturday at the "Kings Gap," the show house of Masland's, the former Cameron estate. Fifty-nine members and guests attended the banquet from Pennsylvania and Maryland. Frank Masland showed the group pictures of himself and others on an outboard motor boat trip down the Colorado River.

"STATE OF EMERGENCY" — KABUL, Afghanistan (AP) — Afghanistan's government proclaimed a state of emergency last night and called its minister to neighboring Pakistan home. Radio Kabul also announced mobilization of the army. It said the country was preparing to face aggression from outside, an obvious reference to Pakistan.

Viscose Workers Approve Contract

FRONT ROYAL, Va. (AP)—Workers in four of the seven American Viscose Corp. plants have ratified a new contract negotiated by the CIO Textile Workers Union, apparently clinching the needed majority approval.

Employees in the Front Royal plant voted 561-40-1 last night for acceptance, reversing an earlier rejection vote, after "certain concessions" were made in the contract.

Previously workers at Marcus Hook, Pa., Roanoke, Va., and Parkersburg, W. Va., had approved the proposed agreement.

Union locals at Meadville, Pa., Nitro, W. Va., and Lewistown, Pa., had turned down the two-year contract which provides, in part, for a five-cent hourly wage boost.

Workers at Front Royal accepted the pact after the company revised its stand in regard to operations of the piece work department and agreed to negotiate disputed points.

URGES CONGRESS TO END DELAY IN CHANNEL WORK

WASHINGTON (AP) — Pennsylvania's Gov. George M. Leader urged Congress today to end "an apparent delay in implementing deepening of the channel of the Delaware River between Philadelphia and Trenton, N.J."

He expeditious for the project. Leader told a House Appropriations subcommittee, will be a "good and wise investment of the public money."

Leader noted that the channel deepening project won congressional approval last year.

The Pennsylvania chief executive also pointed out that Congress rejected a proposal by the Eisenhower administration that "local interests" contribute at least a part of the money needed for the project.

Leader said at the hearing that the project should not be regarded as one of "exclusive benefit" to the Fairless steel works near Bristol, Bucks County.

Long before construction of that multi-million dollar plant, the governor said, Bucks County, above Philadelphia, had experienced industrial expansion and a 34 per cent increase in population between 1940 and 1950.

In addition, said Leader, "I do not feel that the people of the United States or the members of Congress would be quite happy if it were eventually realized that they were giving to a single large American corporation the right to establish a semi-proprietary interest in one of the nation's great waterways."

Kills Wife Then Tries To End Life

PHILADELPHIA (AP) — Sarkis Elanjan, 70, a West Philadelphia tailor, was in Misericordia Hospital today following his attempt at suicide after fatally shooting his wife.

He was taken to the hospital yesterday with two bullet wounds in the chest. He admitted shooting his wife, Mary, 57, police said. Police found the dead woman in an alley in back of the couple's home. Near the body which had been set on fire, the police found an empty gallon-jug which had held cleaning fluid and a charred paper torch.

AWARDED \$85,000

WILKES-BARRE, Pa. (AP)—A 12-year-old Exeter Borough youth has been awarded \$85,000 by a Luzerne County Common Pleas Court jury as the result of crippling injuries received in an auto accident last Aug. 27.

The jury made the award yesterday to Joseph Pierantoni. It was described as the largest civil verdict handed down here in the court's history.

The verdict was against the operator of an automobile sales firm, Michael Barber, West Pittston.

ABERDEEN, Md. (AP)—A Stockertown, Pa., soldier suffocated yesterday in a fire that burned out the second floor of a barracks at Aberdeen Proving Grounds.

Pvt. Lewis Flank, 27, was found kneeling on a mattress in a small room used by cadetmen of the 11th Enlisted Training Company at the ordnance school.

WILKES-BARRE, Pa. (AP)—Police are searching today for George Palschak, 23, of Wilkes-Barre who escaped undetected yesterday from Luzerne County Prison by climbing a 14-foot wall. He had been convicted of burglary last February and was awaiting sentencing.

NEW YORK (AP)—Mr. and Mrs. Daniel Salk, 65-year-old parents of Dr. Jonas E. Salk, discoverer of the antipolio vaccine, have been named Jewish Parents of the Year by the Federation of Jewish Philanthropies of New York.

LANSING, Mich. (AP)—Republican Frank Andrews has given up his four-year monopoly on the role of the man who adjourns the Michigan State Senate. At a Republican caucus several senators said the only way they could think of to get their names in the Senate journal was to move to adjourn. Andrews agreed to let them in on the act occasionally.

UNAUTHORIZED STRIKE CAUSES TROLLEY TIEUP

PHILADELPHIA (AP)—An unauthorized strike by office workers of the Philadelphia Transportation Co. cut service in West Philadelphia today as the threat of a city-wide halt to public transportation passed temporarily.

Pickets persuaded drivers at one car barn not to take their trolleys and buses out this morning but elsewhere in the city enough PTC cars went into service to handle most of the morning crush, a company spokesman said.

The picket line dispersed three hours later and all transit service in the city operated normally by 9 a.m.

The pickets, mostly members of the AFL Teamsters Union, Local 187, appeared at entrances to most car barns late yesterday after the company announced plans to lay-off 48 office workers, represented by the teamsters.

600 On Picket Lines — More office workers left their jobs as they heard of the planned layoffs until at one time an estimated 600 persons were on the picket lines. In all, 24 routes were put out of service last night, most of them after peak hours. Only 10 were affected today, the company said.

Some motormen, members of the CIO Transport Workers Union, joined the picket lines and it appeared for a time that city transportation would be cut drastically.

The PTC, a privately controlled company, is the only major public carrier in Philadelphia.

A spokesman for the teamsters said the strike was unauthorized. However, James J. Stoltz, secretary treasurer of the local, said he would "support these people morally and financially."

Extra police were on duty throughout the morning with orders from Police Commissioner Thomas Gibbons not to interfere with the picketing. But, said Gibbons, "we will not let them seal off entrances and exits," to the car barns.

The picketing was without violence.

NEW HOUSE BILL WOULD CUT OUT MAIL SUMMONS

HARRISBURG (AP) — The mailed summons for a traffic violation would be eliminated under a plan that gained easy House approval yesterday.

A bill authorizing local police in uniform to issue such "sight summonses" to pedestrians as well as motorists was forwarded to the Senate by a 136-13 vote. The summons would notify the alleged offender when to appear before a special traffic court and would have "the full force and effect" of a summons issued in the name of the commonwealth. Motor clubs claim they would facilitate traffic law enforcement.

Other Provisions — Other provisions of the proposal would:

1. Require pedestrians to identify themselves fully on orders of local policemen.

2. Establish a 40 mile speed limit in parks and other designated areas.

3. Eliminate the so-called speed trap in business and residential districts by permitting authorities to check speed with one officer timing a vehicle for one-eighth of a mile in a clearly marked police car.

Fears "Police State"

At present in such districts police must maintain watch at the beginning and end of a measured stretch, or in effect, establish a trap, in order to charge a motorist with speeding.

4. Permit designation of a magistrate's court as a special traffic court to hear all alleged motor code violations.

The proposed law would be effective everywhere in the state except Philadelphia.

Immediately after the vote Rep. Maurice H. Goldstein (R-Allegheny) called passage of the bill "the beginning of a police state."

He said he thought many members voted in the belief another bill was being considered.

26,842 INOCULATED

PHILADELPHIA (AP)—A total of 26,842 first and second graders in Philadelphia's parochial schools have received their first shot of the Salk anti-polio vaccine as the first part of the program was completed for the youngsters yesterday.

About 60,000 public school children will begin getting their shots next week.

BLAST KAYOES TV CAMERAS

NEW YORK (AP)—Television gave viewers across the nation a grandstand view of today's A-bomb explosion, but the force of the blast knocked out cameras in a forward trench.

Viewers saw the familiar fire ball followed by a billowing mushroom cloud which slowly spread

in grotesque shapes.

The plan had been to use a split-screen and show a view of the blast from eight miles away on one side and on the other to

show a close-up of civilian defense workers in a trench less than two miles away.

The direct view from eight miles away remained steady, except for

momentary flashes. Connections with two cameras in the forward trench were lost for at least two full minutes and one finally went out of commission.

The TV transmission was switched then to a full screen view from the cameras eight miles away.

It was the third live network telecast of an atomic explosion from Yucca Flats and was a pooled operation by CBS and NBC. The other telecasts were in 1952 and 1953.

HOUSE VOTES EXTENSION FOR TAX DEADLINE

HARRISBURG (AP)—Senate agreement on House amendments is all that is needed today before a plan to extend the deadline for adoption of uniform real estate tax assessment systems reaches Gov. George M. Leader.

The House voted 146-14 yesterday to give 59 counties an additional year to do the job. The Senate approved the proposal unanimously in March but now must consider the House's action in cutting in half the deadline extension and inserting an enforcement clause.

As it stands the bi-partisan plan will fix Jan. 1, 1958, as the deadline for installation of the permanent records system. The present law fixes January 1957, as the final date for counties to act.

Affected by the proposal are all but Philadelphia, Allegheny, Delaware, Berks, Lackawanna, Luzerne, Montgomery and Westmoreland counties.

The new enforcement clause will allow municipal corporations and school districts to go to court against any county that fails to take steps toward adopting a uniform system by Jan. 11, 1957.

To date some 45 counties have made some move toward a new system.

Three Provisions
All uniform systems would have to include:

1. Tax maps of the entire county indicating all property lines.
2. Property record cards arranged geographically according

Devastating Atomic Blast Rocks News Bob, Eight Miles Away, Like A Cannon Shot

(Continued from Page 1)

The huge cloud was being borne by medium winds slowly southeast. The base of the stem containing dirt from the desert floor measured perhaps eight miles. There was no immediate sign of fire in the test city.

Winds flowing in different directions at different altitudes kept most of the stem over the test city.

3. A property owner's index consisting of an alphabetical listing of property owners and descriptions of their property.

There was no debate before the roll call vote. The House last week turned down an amendment proposed by Rep. James K. Davis (R-Forest) to give the state's eight counties with under 20,000 population more time to adopt the system.

Sen. George B. Stevenson (R-Clinton), a co-sponsor of the bill, believes the uniform systems will result in the finding of "thousands of lost" properties for taxing purposes.

Under uniform systems, assessments become permanent and subject to change only when more than \$1,000 is spent on improvements in one year or when there is an increase in the area of the buildings on the property. At present assessment changes can be made rather easily.

site while the pink and white mushroom sailed in the general direction of the southeast corner of Nevada.

Dr. Alvin C. Graves, test chief, estimated that the televised blast—powerful though it was—may have fallen short of the maximum expectation.

Tremendous Force
"It probably had a force of between 30 and 35 kilotons," he said. That is the equivalent of 30,000 tons of TNT.

By 5:30—20 minutes after the massive blast—dawn was in full splendor on the desert. The dust pall had enveloped Survival City and the base had then spread out over a diameter of at least 10 miles.

Veteran observers of the pre-war era agreed they had never seen anything to match this shot.

At the time of the detonation there were about 60 high altitude aircraft aloft over or near the test site. They were on experimental and training flights. Later a squadron of more than 25 planes took off from nearby Indian Springs Air Force Base to perform customary atomic cloud tracking and sampling duties.

WINCHESTER, Mass. (AP)—The Persian-made "Rug of Civilization" owned by a rug firm here has an estimated 2,000 knots to the square inch, or about 36,288,000 in all.

It took 10 master weavers 12 years to create the 75-year-old rug depicting 165 world-famed personages since the time of Socrates.

MAY QUEEN TO BE CROWNED IN EMMITSBURG

Miss Dorothy Fisher, a senior at Emmitsburg High School, will be crowned Queen of the May Friday afternoon at 1 o'clock following a long established custom of the school.

From noon until one o'clock parents and friends will visit home

MISS DOROTHY FISHER

rooms and observe the work being done by the students.

At one o'clock there will be a procession from the main entrance of the high school to the lawn in front of the annex, led by the student body followed by the May Day chorus and Maypole dancers.

While the Grand March is being played the Queen, Miss Dorothy Fisher, her four maids of honor, the Misses Doris Flax, Gloria Herring, Anna Louise DeBerry and Marlene Trent, and their escorts, Richard Toms, Fred Stambaugh, Jack Wantz and Fred Grimes, will join the procession with the train bearers, Marjorie Richards and Linda Miller, and the crown bearer, James Martin.

Chorus Will Sing
The May Day Chorus will include Glee Club members and junior high students who will sing "Country Gardens," "O Month of May" and "While Strolling Through the Park One Day" under the direction of Miss Ruth E. Stull, music supervisor, accompanied by Jack Wantz, Glee Club pianist.

The Maypole dancers are from the sixth grade under the direction of Mrs. Mary S. Scott and rhythmic dancing will be given by the other elementary grades directed by their respective teachers.

The Queen and her court dressed in formal afternoon wear will view the presentation of the crown and honors given by Prof. Arvin P. Jones, principal, who originated the May celebration nine years ago. Later in the afternoon a fashion

show and tea will be given for visitors, council members, and the Court under the direction of Mrs. Rita Remavege, instructor of home economics. A talent show by the

students will be given under the direction of Miss Ruth E. Stull of the music department. The program is sponsored by the Student Council under the chair-

manship of Jack Wantz, president, and Eugene P. Wood Jr., faculty adviser.

The first night game in the major leagues was played at Cincinnati's Crosley Field on May 24, 1935. The Redlegs defeated the Phils 2-1 before 20,422 fans.

Pennsylvanian Did Not See Big Atomic Blast But Came Back With C.D. Information

HARRISBURG (AP)—Craig A. Williamson might not have been able to stay in Nevada long enough to see the atomic blast set off in Yucca Flats but he feels he learned plenty just the same.

"I couldn't wait for the 'boom' but I, and the residents of Pennsylvania, benefited greatly from the pre-blast experience," said the acting administrative assistant in the state civil defense headquarters.

The blast has been cancelled several times because of unfavorable weather conditions.

Williamson, Dr. Richard Gerstell, state director, and two state area directors went to Las Vegas almost two weeks ago as official state representatives for the scheduled atomic demonstration.

"I came back yesterday with some very good ideas on civil defense I picked up during the many briefings held in anticipation of the blast," Williamson said in an interview.

Six False Starts
Dr. Gerstell and Ross I. Webb, Erie, western area civil defense director, are en route to Harrisburg by train from the desert town.

Jack Anderson, Swiftwater, Monroe County, eastern area director, remained in Nevada until the blast was set off.

"We made six false starts for the Yucca Flats to see the bomb blast but each time it was cancelled," Williamson said, adding: "I admit it soon became anything but fun to leave Las Vegas at 11 o'clock at night for the 100-mile bus trip to the testing grounds only to find the test had been called off."

The many briefings, he explained, were "thorough, enlightening and filled with information that will benefit the residents of the country."

Toured 'Survival City'
Most important of the briefings, he pointed out, was a tour of "Survival City" which has been set up in the blast area to test the effects of the bomb.

"The Atomic Energy Commission officials and Federal Civil Defense administration leaders explained many of the extremely dangerous things connected with an atomic blast," he said.

"These men showed us lots of the little tricks they have learned through earlier test blasts and

these tricks, when passed on to the public, will save lives in the event of an atomic attack," he promised.

Williamson, who also is transportation coordinator for the state council, said a "factual resume of what was covered at the proving grounds will be sent out to county and local civil defense directors soon after Dr. Gerstell returns."

Williamson said that our Pennsylvanians were sent to Nevada at the expense of the state. He said their expenses were paid out of state civil defense funds.

Dr. Gerstell is expected to arrive late tonight or tomorrow in Harrisburg.

Williamson said Dr. Gerstell will return to map plans for Pennsylvania's participation in a nationwide alert on June 15.

GLOBETROTTERS SIGN ARNELLE

UNIVERSITY PARK, Pa. (AP)—Jesse Arnette, star basketball player at Pennsylvania State University for the past four years, disclosed today he has signed a one-year contract with the Harlem Globetrotters professional basketball team.

Arnette, who also starred as a football player at Penn State, said he will join the Globetrotters June 14, immediately after he is graduated.

Arnette added that he will join the negro basketball team for its European trip.

The Fort Wayne Pistons of the National Basketball Assn., had drafted Arnette in the annual college player draft, but Arnette said he had turned down the Pistons' offer.

In his career at Penn State Arnette amassed a total of 2,138 points.

"Muhlenberg Traveler" Coming

The "Muhlenberg Traveler," eight-ton streamlined bookmobile operated by the United Lutheran Publication House of Philadelphia, carrying a complete sample stock of items available from that organization and its nationwide branches, will be in Arendtsville on Monday. Open to the general public from 2 p.m. it will be parked in front of Trinity Lutheran Church, N. High St., Arendtsville.

A special program, featuring the religious film "Return to Faith" will be given at 8 p.m. After the program, the "Muhlenberg Traveler" will again be open to the public. A representative of the United Lutheran Publication House will be present to answer all questions.

This special unit is visiting towns in this area under the auspices of the Philadelphia office of the United Lutheran Publication House in an effort to familiarize members of the Lutheran Church with the services available through this agency of the church. Members of Flor's Lutheran Church and other nearby Lutheran Churches are specially invited to attend.

Ten-Year Occupation Of West Germany Ends Today

By BRACK CURRY

BONN, Germany (AP)—The West German Republic became a sovereign nation in alliance with the free world today. The year-long occupation ended at noon.

Two short ceremonies wiped out the supreme powers wielded by the United States, Britain and France over the 50 million West Germans since 1945.

In the first, the Allied High Commission repealed all its laws and abolished itself by proclamation. Then the British and French high commissioners completed the formality of depositing the sovereignty treaty at Chancellor Konrad Adenauer's office. The United States and West Germany did this April 20.

The French and West German governments simultaneously put into effect their agreement to Europeanize the Saar.

"The occupation statute is revoked and the Allied High Commission and the offices of land (state) commissioners in the Federal Republic are abolished," the high commissioners' proclamation said.

Repeal Laws, Ordinances
Sixty Allied laws and 130 ordinances were repealed by the declaration, which was signed by Dr. James B. Conant of the United States, Sir Frederick Hoyer Millar of Britain and Andre Francois-Poncet of France. They now become their nations' ambassadors to the Bonn Republic.

In the final ceremony, Hoyer Millar and Francois-Poncet call on President Theodor Heuss tonight to present their fresh credentials as ambassadors to the newly sovereign republic. Conant, whose appointment as ambassador has not yet been confirmed by the U. S. Senate, will go along to deliver a message of congratulations from President Eisenhower.

With these formalities out of the

way, Adenauer goes to Paris tomorrow for West Germany's admission to the seven-nation West European Union. In another ceremony in the French capital next week, the Bonn government will become the 15th member of the North Atlantic Treaty Organization.

To Have Fighting Forces
Within five years, West Germany is expected to field an army, navy and air force totaling 500,000 men—the largest Western armed force on the Iron Curtain frontier. Twelve divisions numbering 400,000 men trained in atomic warfare, a jet air force of 80,000 men and 1,300 planes and a coastal navy of 20,000 men will be added to the Atlantic Alliance.

Such a force would outnumber the Soviet Union's present armed strength in Red-ruled East Germany. Allied strategists claim it could tip the balance in favor of the West should World War III erupt.

The sovereignty treaty stipulates that West Germany "shall have the full authority of a sovereign state over its internal and external affairs." But in actuality, the Western Big Three will continue to wield a strong influence here.

U. S., British and French troops will stay on as defense forces under a special treaty agreement. Russian-surrounded West Berlin remains under Allied occupation. The Western Big Three also retain the right to negotiate with the Soviets on German reunification and a peace treaty for a reunited Germany.

Fine Not Active In Primary Campaign

WILKES-BARRE, Pa. (AP)—Former Gov. John S. Fine has withdrawn from all activity in the coming primary campaign.

In a statement released here through Olin W. Evans, who resigned recently as Luzerne County Republican chairman, Fine said last night he will take no part in the primary campaign because of a lack of harmony in the regular GOP organization.

Fine has been critical of the party's leadership since he left Harrisburg and has criticized what he termed its failure to heed his political advice.

Three Fined For Disorderliness

Three men were fined for disorderly conduct Wednesday afternoon by Justice of the Peace Robert P. Snyder. They were Frank Sickles and Edward Phillips, both of Philadelphia, and William J. Quinn, Baltimore.

Sickles and Phillips were arrested by borough police late Tuesday evening, for "cutting up" around Railroad and N. Washington Sts., and were lodged in the county jail until their hearing. Snyder sentenced them to one day in jail in default of a fine of \$5 and costs. Having already served one day, they were placed on a bus for Mt. Alto, where they were reported to have been heading when they stopped in Gettysburg.

Quinn was arrested and jailed early Wednesday morning by borough police. He was reported to have been going from one car to another on Broadway, looking for a place to sleep. He was fined \$10 and costs by Mr. Snyder.

APPROVE BUDGET
PHILADELPHIA (AP)—The Department of Welfare's budget of \$143,600,000 for mental health work has the approval today of the Executive Council of Pennsylvania Mental Health, Inc.

The non-profit civic group, which is aimed at bettering the mental health program, said the Welfare Department's budget is designed to fill some of the most serious gaps in the current state hospital program and local community services for the mentally ill.

HOUSE GROUP OKAYS IKE'S MILITARY CUTS IN MANPOWER

WASHINGTON (AP)—The House Appropriations Committee today approved the administration's planned military manpower cuts and voted \$31,483,206,000 in new defense funds.

It promised additional funds in a hurry "in the event of drastically worsened world conditions."

The recommended new money, coupled with unobligated funds from previous appropriations, would give the Defense Department \$43,081,000,000 to spend during the bookkeeping year starting next July 1 if the House and Senate go along.

Subject To House Action
That budget, the committee said in a formal report written by Rep. Mahon (D-Tex.), emphasizes "continental air defense and our increasing potential for massive retaliation in the event of enemy attack."

Subject to House action next week, the bill approved by the 50-man committee provides \$744,909,000 less new money than President Eisenhower requested, but much of the cut was more technical than real.

The committee's approval of the President's plan to cut Army strength about 75,000 during the coming year is certain to touch off a House battle. Rep. Flood (D-Pa.), a committee member, said he would ask the House to boost the funds by 750 million dollars to prevent any military personnel cuts.

Little Hope For More Cuts
The committee held out little hope for big defense appropriation cuts in the immediate future.

Here's how the proposed new funds would be shared by the services:

Army: \$7,329,818,000, a budget cut of \$244,162,000 and about 290 millions less than was provided this year.

Navy: \$9,071,834,000, a budget cut of \$108,323,000 and about 640 millions less than this year.

Air Force: \$14,401,904,000, a budget cut of \$381,774,000 but an increase of \$3,476,000,000 over this year.

To Turn Back Funds
Secretary of Defense: \$12,400,-

Asks Moratorium On State Building

HARRISBURG (AP)—The Legislature is asked to halt all building of the General State Authority for five years in a suggestion offered by Rep. Charles A. Auker (R-Blair).

Auker called such a move an economy measure and said he knew the moratorium "will be very unpopular in some circles because it would eliminate a lot of spending."

The GSA is the borrowing agency of the state. The proposal would prevent it from undertaking new projects until after Jan. 1, 1960.

RECONSIDER VOTE

HARRISBURG (AP)—The House has decided to reconsider its vote against a plan to require all motorists to carry some type of warning signal in their car.

Reps. Louis J. Amarando (D-Phila.) and Marian E. Markley (R-Lehigh), sponsors of the proposal, yesterday moved for a second vote. The actual vote was put off indefinitely on request of Rep. Albert S. Reading, House Democratic leader.

Reading opposed the bill last week when it fell 21 votes short of gaining a constitutional majority.

MAY REQUIRE PENSIONS

HARRISBURG (AP)—Boroughs, towns and townships maintaining police forces would be required to establish police pension systems under a proposal approved 146-14 by the House yesterday. It is now before the Senate.

The measure would fix a minimum requirements for retirement benefits 25 years of service and an age of 55.

000, a cut of \$350,000 from the budget and from this year.

Interservice Activities: \$672,250,000, a budget cut of 10 millions but an increase of 145 millions over this year.

The committee ordered the Defense Department to turn back \$1,649,000,000 in revolving funds which it said were larger than needed.

The committee's action would provide for 2,852,000 military personnel on June 30, 1956, compared with 2,954,000 on June 30, 1955, distributed this way:

June, 1955 June, 1956
Army 1,114,000 1,027,000
Navy 655,000 657,000
Marines 205,000 193,000
Air Force 970,000 975,000

SEEK ARREST ON-SIGHT LAW FOR DESERTION

HARRISBURG (AP)—Special state investigators assigned to support cases would be authorized to arrest on sight any person who has deserted his spouse or a dependent child under provisions of a bipartisan sponsored House bill.

Employees of the Department of Public Assistance would have to carry a court warrant to make such arrests.

The proposal was introduced yesterday by Reps. Robert Wheeler Jr. (D-Fayette) and Joseph W. Isaacs (R-Delaware).

Other new House bills would:

Require car owners to hold compulsory motor vehicle liability insurance — William Limper (D-Phila.).

Appropriate \$200,000 to the Property and Supplies Department to set up standards for building and equipping all state buildings—Albert S. Reading (D-Berks) and Albert E. Strausser (R-Columbia).

Establish minimum requirements for commonwealth printing contracts—Limper.

Adopt the beagle as the official state dog—William B. Curwood (D-Luzerne) and Donald E. White-night (D-Montour).

Authorize the state to register wholesale druggists—Curwood and White-night.

Have the state make a \$5 payment for each tubercular patient cared for in county or municipal hospitals—Leroy A. Weidner (R-Berks).

UN VETO POWER BLOCKS CHINA; MAY BE DROPPED

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—What will the United States position be if Red China plays nice, maybe agrees to a cease-fire around Formosa, and then wants to get into the United Nations?

American opposition to U. N. membership for them might change.

One stumbling block to Red China's admittance—although not necessarily the final one—would be removed if the veto power of the Security Council on new members was ended.

Henry Cabot Lodge, Jr., American ambassador to the U. N., this week suggested dropping the veto power on new members held by the Big Five powers on the Security Council—the United States, Russia, Britain, France, Nationalist China.

Up To Council
Under the present U. N. Charter, admittance of a new member hinges around what happens in the Security Council.

Seven of the 11 members—in-

Murdered Honor Student Is Buried

TAMAQUA, Pa. (AP)—A 15-year-old high school honor student, the innocent victim of a teen-age gang feud in New York City, was buried yesterday among the Poconos where he was born.

The youth, William Blankenship Jr., was shot Saturday when he was mistaken for a member of a rival gang. The youngster was on his way to a movie house in the Bronx with a friend.

During the burial the Rev. Charles A. Mathias preached a sermon based on the 14th chapter of John ("In my father's house there are many mansions"). The minister avoided reference to the shooting.

cluding all the Big Five—must vote yes. A veto by any of the Big Five can block a nation from membership.

Under Lodge's proposal, eliminating the veto, neither the United States nor Nationalist China could keep out Red China if any seven of the remaining Security Council members voted yes.

It's possible that, with removal of the veto, Red China still couldn't get seven votes that would let her in. Russia has proposed U. N. membership for Red China several times, but there were never seven votes for admittance, making a veto unnecessary.

SEE BRIGHTER CHANCES FOR AUSTRIAN PACT

VIENNA, Austria (AP)—Chances for quick signing of the Austrian independence treaty looked still better today as the Russians dropped their controversial demands on refugees and eased insistence on armament restrictions. But the Soviets and the West must still agree on the touchy issues of prewar foreign oil invest-

ments and of a declaration guaranteeing Austrian neutrality before the pact will be ready for signing by the Big Four foreign ministers.

Diplomats attending yesterday's meeting of the four powers' ambassadors and Austria's foreign minister said the picture brightened considerably when Soviet envoy Ivan I. Ilyichev accepted a Western-backed, Austrian proposal to drop the treaty article on repatriation and to raise limits on Austrian rearmament.

Disputed Articles
The disputed Article 15 would have allowed Soviet repatriation teams to enter Austria—once it had won independence—to quiz refugees from communism. Western

LEGION DRILL TEAM MEETS NEXT MONDAY

The monthly meeting of the Francis X. Elder Post No. 121, American Legion, of Emmitsburg, was held Tuesday at the post home with 65 members present. Commander Charles B. Harner presided.

T. Eugene Rodgers reported on the drill team and announced that the first meeting of the season will be next Monday. The urged all members of the drill team and Legion to join in memorial services at one of the local churches.

Commander Harner placed J. Everett Chrysler in charge of placing the flags in the nearby cemeteries.

New members voted in were: Leonard W. Eyer, Graceham, Md.; John B. Ott Jr., George Ohler and James Wantz, Emmitsburg, and Donald J. Schratwinesan, Fairfield.

The board of directors' nominations are as follows: George Danner, William Sanders, Vincent Topper, Louis P. Rosensteel, Francis Arnold, T. Eugene Rodgers, Curtis D. Topper, Thomas C. Harbaugh, Alfred C. Kreitz, William Rodgers, Charles B. Harner, Bud Ott, William L. Topper, Andrew T. Shorb, Paul Claypool, Frank Topper, Henry Timmerman, Clarence Shorb, Robert Shorb, J. Ward Kerrigan, Edward J. Houck, Robert Myers, Samuel Cingan and Donald Topper.

The post voted a \$10 donation to the local Little League baseball team. The door prize was won by Robert Munch. After the meeting refreshments were served.

Members Of Twelve Unions Resume Work

ALBUQUERQUE (AP)—Twelve unions went back to work today at Sandia Base, ending for a month at least a strike against the firm operating the atomic center.

About 2,600 workers, split between the AFL Metal Trades Council and AFL Office Employees local 251, returned to man the sprawling installation where atomic weapons are assembled and used for them are developed.

They ended their walkout, which began April 26, last night when they were told of a plea by the President's atomic labor-management relations panel. William F. Leverenz, president of the Metal Trades Council who conferred with the panel in Washington, reported to the strikers that the panel would make recommendations within 30 days after a hearing on strike issues in Albuquerque next week.

DETROIT (AP)—Chrysler Corp. had the season's first heat walkout Tuesday with the temperature at 88 degrees—a record for May 3.

A company spokesman said 75 employees in the sheet metal department of the Merceval plant in Detroit walked out at 7 p.m. "because it was too hot."

The walkout forced the company to shut down the final assembly at Chrysler division's Jefferson plant an hour later. About 1,500 second shift workers were sent home.

SHUTDOWN IS ENDED

PHILADELPHIA (AP)—An agreement by 163 striking longshoremen to submit a dispute to arbitration has ended a two-day shutdown of dry cargo handling in the Port of Philadelphia.

After the 163 members of the Independent International Longshoremen's Assn. voted for arbitration yesterday, the Philadelphia Maritime Trade Assn. announced its 76 employer members would resume hiring longshoremen today.

diplomats had feared this would enable the Reds to spread propaganda inside Austria while the nation was supposed to be neutral.

Article 17, also bitterly disputed, would have imposed a 53,000-man ceiling on Austria's armed forces, limited the air force to 90 planes and barred Austria from building or taking over certain categories of equipment. Diplomats said the Russians had agreed to raise the limits to levels which were not disclosed.

Phillie pitcher Robin Roberts was switched from first base to the mound while playing at Michigan State.

2 Brothers, Sister Killed in Crash

URBANA, Ohio (AP)—Two brothers and their sister, riding home from a circus, were killed last night when the car in which they were riding skidded on loose gravel and struck a tree.

Dead were Gerald Eugene Barnhart, 7, William, 9, and their sister, Vivian Irene, 4.

Another brother, Robert, 2, was in critical condition with head injuries at Mercy Memorial Hospital here.

Their mother Mrs. Glendale Barnhart 28, who was driving them home, suffered multiple injuries, and was taken to Mercy Hospital at nearby Springfield.

Martin Favors Supervision Of Salk Vaccine Distribution

By CHARLES F. BARRETT
WASHINGTON (P) — House Republican Leader Martin of Massachusetts said Wednesday he favors "some federal supervision" over distribution of the Salk polio vaccine.

Martin thus joined a growing number of House members and senators in both political parties advocating temporary controls. Their goal is to assure that, while supplies are still scarce, the vaccine goes first to children in the 5 to 9 age group, which is most susceptible to polio.

Most of the plans call for younger children to get the next priority. Several bills also would control prices of the vaccine.

The Eisenhower administration has favored trying voluntary methods first.

Martin said he had no recommendations but thought a House committee "should look into" the matter of controls.

Chairman Spence (D-Ky.) of the House Banking Committee, which handles controls legislation, said he hoped to be able to start hearings by Friday.

Chairman Priest (D-Tenn.) of the House Commerce Committee, which handles general health matters, cautioned against too hasty action. He said his committee is "watching the situation very closely but we haven't yet reached the point where we think legislative action is required or desirable at the present time."

Governors agreed at an administration-sponsored meeting Tuesday to name a committee to work with the government on distribution problems. Some of them said they got no clear picture from Secretary of Welfare Hobby as to what is planned.

"Crucial Period" In Cherry Orchards

With the recent wet weather enabling brown rot to infect blossoms, "this is a crucial period for leaf spot," County Agent Frank S. Zettie said today in calling for the shuck fall spray in sour cherry orchards. Insects present in the orchards at the present time, he said, are curculio, red-banded leaf roller, aphids and mites.

Growers are given a choice of two different sprays. The first calls for two pounds of Ferbam and one pound of a 15 per cent wettable powder Parathion per 100 gallons of dilute spray. For concentrate sprays the amounts of the materials should be tripled.

The other spray calls for 1 1/4 quarts of Gylodin (Crag 341), two ounces of fresh spray lime and one pound of the Parathion per 100 gallons of dilute spray. For concentrate sprays the Gylodin and Parathion amounts should be tripled and the lime amount doubled. Zettie added that EPN-300 may be used instead of Parathion, at the amounts listed for the Parathion.

JUST MADE IT — H. Loebach, of Oldesloe, Germany, holds electric light bulb into which he worked a handmade model of a historic warship, a new twist on an old hobby.

WASHINGTON (P) — A theory that continents result from a collision between the earth and a giant meteor was advanced Tuesday by Dr. B. F. Howell, of Pennsylvania State University. He told the American Geophysical Union a meteor about one hundredth the size of the earth, or a group of meteors, may have struck near the North Pole a couple of billion years ago and splattered southward.

He called attention to the "southward pointing fingers of the continents."

In 1854, the expectation of life at birth in England and Wales was less than 40 years.

BOA DAI SURE TO LOSE POWERS IN S. VIET NAM

By JOHN RODERICK

SAIGON, South Viet Nam, (P) — Two Vietnamese "congresses" met in Saigon today. One thunderously demanded the removal of chief of state Bao Dai. The other was expected to insist that the ex-emperor keep his hands off Viet Nam's government until a national assembly can be elected.

Bao Dai's ouster was demanded at a "National Political Congress" summoned by the "National Revolutionary Committee," which last week demanded he be deposed. A crowd of 4,000 political leaders, revolutionary committees and local and provincial officials jammed a Vietnamese theater for the meeting.

The executive committee of the other congress, a "states general" of elected local and provincial councilors and tribal chiefs, continued secret sessions begun yesterday at Premier Ngo Dinh Diem's Independence Palace.

The "states general" was not expected to demand Bao Dai's immediate ouster but instead that he take only a figurehead role.

Favor Ouster

But the 4,000-man national political congress by voice vote approved a resolution to:

1. Depose ex-emperor Bao Dai, who has been trying to oversee the government by remote control from the French Riviera.

2. Dissolve the Bao Dai-appointed government of Premier Ngo Dinh Diem and empower Diem to form a provisional regime which would hold national elections soon.

The assembly-nearest thing to a popular national congress Viet Nam has ever had—took the decision at the close of a tumultuous, two-hour session. It was held in a Vietnamese theater on Boulevard

Gallieni, scene of recent bloody battles between the national army supporting Diem and the outlaw Binh Xuyen force.

Shout Disapproval

A resounding "No" welled up from the gathering when it was asked, "Shall we retain Bao Dai?" "Do you decree that Bao Dai is deposed?" came the second question. A roaring "Yes" rang out in the chamber.

One of the congress' leaders, Gen. Nguyen Thanh Phung, commander of the Cao Dai religious army, promised the cheering group that not only would Bao Dai be deposed but the monarchy would be abolished.

This was a sharp rejection of advice given Diem by U.S. Gen. J. Lawton Collins, President Eisenhower's envoy, that South Viet Nam would be more stable with a constitutional monarchy than as a democratic republic.

PROBE PRINTING DOCUMENTS

HARRISBURG (P) — Rep. Edward M. Young (R-Mercer), a printer himself, will direct the House's study of the printing of legislative documents.

Young and Reps. Charles C. Smith and Albert S. Reading, the opposing floor leaders, were named by Speaker H. G. Andrews (D-Cambria) to carry out the investigation authorized by the House.

NAVAJO LANGUAGE TAUGHT

FARMINGTON, N. M. (P) — A language barrier between residents of this Northwestern New Mexico city and nearby Indians is beginning to crack. Farmington High School is conducting an adult education class in the Navajo language. In the past, only a few trading post owners have learned to speak Navajo.

CHILD AND ADULT

SANTE FE, N. M. (P) — Teenagers in New Mexico might have grounds for a cordial dislike of New Mexico lawmakers. A new juvenile code calls them "children. It says anyone under the age of 18 is a child and anyone over that age is an adult.

PARTYING IS BIG BUSINESS WITH CAPITAL SOCIETY

By JANE EADS

WASHINGTON (AP) — Next to politics, partying is the capital's biggest preoccupation. Climbers, caterers and celebrities thrive on it. For some, it's a bore and a hardship. For others, partying is a gay and relaxing experience, an escape; a chance for a free meal, a bit of axe grinding, or just good clean fun. Someone once called Washington a three-party town — the Republican party, the Democratic party and the cocktail party.

Sen. Walter George (D-Ga.) told Sen. Alben Barkley (D-Ky.) at a recent cocktail party he wanted him to serve on the Foreign Relations Committee, of which he is chairman, because he wanted the convivial former Veep to "go to all these parties for me." Mrs. George, overhearing the conversation, said: "My husband would like to pass the parties on to anybody, even a good friend like Sen. Barkley."

Routine Exhausts

Rep. Leonor Sullivan (D-Mo.) told me when we met each other at the second of a series of parties to which we had both been invited in one day, "It's got to stop sometime, or I will. I've got work to do." "The trouble is," one weary gen-

tleman complained, "you talk to the same people you see in your office and meetings during the day. Only difference is you stand up at cocktail parties."

Without even a chance to catch our breath he plunged right in to what they call here "the official season" — a "time of the year" as one society reporter put it, "when official Washington moves from one dinner table to another."

Every night for several weeks was crowded with formal dinners given by embassies, cabinet members and other big-wigs — protocol-prescribed affairs — for the dean of the diplomatic corps, Norwegian Ambassador Munthe de Morgenstern, for the vice president, for the chief justice.

Diplomatic Winding

The White House state schedule of formal dinners and receptions wound up in March with the colorful winding for the diplomatic corps.

Something's got to give, else the wives of some of those newcomers to Congress are going to have to stay home. They haven't had time to get those long white kid gloves cleaned, and they can't lay out another \$16 for an additional pair.

VOTE WITH MAJORITY

WASHINGTON (AP) — U.S. Sens. Edward Martin and James Duff, both Pennsylvania Republicans, voted with the majority yesterday as the Senate passed 75-13, a bill extending the reciprocal trade agreements program for three years and giving the President additional tariff cutting authority.

STATE POLICE STATEMENT TO BE VERIFIED

HARRISBURG (AP) — Col. Earl Henry, state police commissioner, today awaited further details of the reported use of "political pressure" to bring about the removal of the Bethlehem barracks commander.

Capt. Norman E. Annich was reported to have made a public statement in Easton claiming "sore heads" in his troop are "sing political pressure" to have him removed.

Henry, when told of the statement yesterday by an Easton Express reporter, said he, as state police commissioner, knew "nothing of any political influence being brought to bear."

"In fact," he told a newsman later, "I certainly know of no political influence being brought to bear to have Annich or any other man in the force removed or transferred."

Wants Statement Verified

Henry said he had asked Maj. A. J. Oldham, squadron commander with headquarters in Philadelphia, to talk with Annich and determine if the statement "was actually made as reported."

Oldham, however, said he had not yet discussed the matter with Annich and had no further com-

ment to make.

Annich was quoted as saying that efforts to have him removed dealt, in part, with the fact he "was against fixes for traffic tickets."

The commissioner declared he did not know why "anyone would make a statement like that," adding:

"I have absolutely no knowledge of any fixes being attempted by members of the force."

Leader Assails "Hit And Run" Administration Of James Duff

HARRISBURG (P)—Gov. George M. Leader on Tuesday assailed what he called the "hit and run" administration of former Republican Gov. James H. Duff as the principal force behind the state's present financial dilemma.

"The Duff administration was a short change administration — a cold-blooded confidence game which brought our state to its present crisis," Leader told some 2,000 Democratic party members at a \$100-a-plate Jefferson-Jackson day dinner.

Declaring that he can "understand and sympathize" with most Republican critics of his tax program designed to raise 621 million dollars in new revenue, Leader said of Duff's criticism of it: "You would think that a man with Duff's record in the fiscal management of Pennsylvania would observe a decent silence when the men who are the heirs of his bad management are acting as receivers for his bankruptcy."

"Hit And Run" System
In accusing Duff of boosting state costs without creating taxes to pay for them, Leader said Pennsylvania's present junior U.S. senator "was certainly not the man to rock 'em and sock 'em. His play was to hit and run."

The dinner honored Miss Genevieve Blatt, inaugurated on Tuesday as secretary of internal affairs and the first woman to be elected to statewide office in Pennsylvania.

The governor interrupted conferences in Washington to fly to Harrisburg for the inauguration. Other speakers at the dinner included Paul Butler, Democratic national chairman, and Mayor David Lawrence of Pittsburgh.

"Fumbled The Check"
Leader said measures passed during the Duff administration will cost the state \$63,400,000 in the next biennium for a veterans bonus and \$426,840,000 in mandated teacher salary increases.

"Duff never asked for a tax to pay the bonus," the governor asserted, adding:

"He got out before the bills came due.
"Duff preached the good gospel

of clean streams.
"That item is costing the state \$3,200,000 in the current budget estimates.

"Again the Duff formula was to get the credit and fumble the check."

Charges Deceit

"Duff not only deceived the people of Pennsylvania; he even deceived his running-mate and chosen successor, (former Gov.) John Fine."

Turning to his own tax program, Leader said the program is "substantially right." He predicted it would get full support when the public learns the "honest facts."

"The proposed tax program is not a wage tax, nor a flat income tax and any person who says otherwise is telling a deliberate untruth," Leader said, adding:

"It is a tax based on ability to pay.
"It distributes the burden fairly between business and the individual."

"Balances Favoritism"

"It is better for the farmer than an increased sales tax."

"It is far better for every low and moderate income family than a three or four per cent sales tax."

"It will not raise prices; it will not raise rents; it balances the favoritism shown investment capital by the Eisenhower-Humphrey tax policies in Washington."

Promising a stable, solvent administration, Leader said:

"I will not pass this government of Pennsylvania into my successor's hands still weaker than it was given me; I will not pass this government to my successor except as a solvent government, a strong government, a government capable of meeting its obligations."

In his talk, Butler said that Pennsylvania can be the foundation for a Democratic victory in 1956.

"We are going to elect a Democratic senator and retire Sen. Duff back here to the commonwealth," he asserted.

He called for a joining of Democratic ranks to "give everything we can" toward a Democratic victory in 1956.

Lawrence, who is also a Democratic national committeeman, said the Democratic victory last fall was won with the aid of a "number of disgruntled Republicans."

Commenting on Leader's tax plan he asked:

"Has anyone come forward with an alternative to the Leader program to meet this horrible deficit we face?"

Philadelphia Firm To Pave Stretch Of Road

HARRISBURG (P)—The state Highways Department Wednesday awarded a contract for \$89,059 to Trinity Paving Co., Philadelphia, for roadway construction work in Marple Twp., Delaware County.

The project calls for construction of 45 of a mile of roadway along Rt. 320 and construction of a reinforced concrete box culvert from the intersection of West Chester Pike, south.

PROTECT SALK VACCINE IN PA.

HARRISBURG (P)—The House is ready to begin floor action on a proposal to eliminate the possibility of a Salk vaccine black market developing in Pennsylvania.

The Public Health Committee Tuesday passed a bipartisan bill that would fix a \$500 fine or 1 year in jail or both for illegal sales or distribution of the vaccine. It is in position for possible final passage next week.

Under the measure manufacturers would be allowed to sell or distribute and individuals would be allowed to sell the vaccine only to a federal agency, the state Health Department or a political subdivision or the state, or a licensed physician or pharmacist.

Other bills winning committee approval Tuesday would:

Outlaw the tapping of telephone or telegraph wires without permission of the parties concerned.

Require the net weight and manufacturer's name on all wrapped bread offered for sale at more than five cents a loaf.

Lawrence, who is also a Democratic national committeeman, said the Democratic victory last fall was won with the aid of a "number of disgruntled Republicans."

Commenting on Leader's tax plan he asked:

WOULD CREATE COMMISSION TO AID CONSUMERS

HARRISBURG (P)—A special state commission to look after the interests of consumers is proposed in a new House bill.

It calls for creation of a three-man group, appointed by the governor, as an independent administrative agency specifically charged with representing Pennsylvania consumers. It would be named the Pennsylvania Consumer Commission.

The commission was proposed in a measure submitted Tuesday by three Philadelphia Democrats, Herman Toll, John J. Welsh, and Albert Leven. The commission would have these duties:

1. To investigate violations and apparent violations of the interests of consumers and recommend steps to protect consumers in legislation and in administration.

2. To present and represent the viewpoint of the consuming public in matters before any executive, legislative or judicial body.

3. To recommend prosecution for violation of laws designed to protect consumers.

4. To help in the creation and activities of independent consumer organizations and promote consumer education.

The commission chairman would be paid \$13,000 a year and members \$12,000.

Other new House bills would:

Require game protectors to display luminous identification signs on their cars—Albert E. Strausser (R-Columbia).

Direct school districts to establish off-highway school bus loading zones and make it unlawful for school buses to stop outside such zones when loading—Strausser and

Transport Company Name Change Okayed

HARRISBURG (P)—The Public Utility Commission has approved the changing of the name of the Waverly, Sayre & Athens Transportation Co. to the Tri-boro Transportation, Inc., Sayre.

The commission said Tuesday the change resulted from the company switching from a sole ownership to corporate ownership.

The new corporation, PUC said, would operate with an authorized capital of \$5,000 made up of 5,000 shares.

Judge Holds Quiz Of Gambler Legal

PHILADELPHIA (P)—A federal judge has upheld the legality of the government's insistence that a gambler complete a questionnaire when he "desires to be licensed to engage in the profession of gambling."

U. S. District Judge John W. Lord Jr. gave the decision Tuesday in the trial of Arthur Mungiole of Philadelphia, who wanted to pay the \$50 for a gambling tax stamp but refused to fill out the necessary form to secure it. He was subsequently indicted for failing to pay the tax.

U. S. Atty. W. Wilson White said Lord's ruling would permit his office to take similar action against 200 other gamblers.

Marion L. Munley (D-Lackawanna).

Make the registration fee for station wagons \$15 instead of \$10—Strausser.

Provide for state aid for school construction undertaken by parties other than authorities—Thomas H. W. Jones (R-Montgomery).

Establish state forestry conservation camps for the purpose of re-training male delinquents—Toll.

Permit chiropractors to issue death certificates — Harris G. Breth (D-Clearfield), John F. Stank (D-Northumberland).

Use School Building

Authorize the use of school buildings as meeting places for governmental bodies—Robert Wheeler (D-Fayette).

Permit the state to deposit money without segregating funds according to departments — Francis X. Muldowney (D-Phila).

Give the Highways Department exclusive power to decide on grade crossings on limited access highways involving public utilities — Clarence J. Mills (D-Westmoreland).

Make persons with criminal records ineligible to serve as election committeemen—Marvin D. Brazin (D-Phila).

Take away the Milk Control Commission's power to fix retail prices—Toll, Leven and Welsh.

Creamed shrimp and green peas always taste good; they taste even better when you add sliced chestnuts and flavor the cream sauce with a little garlic. Serve on rice.

Budget-Cutting Axe Poised In House Today At Harrisburg

HARRISBURG (P)—The House Appropriations Committee, its budget-cutting axe poised, turned its attention Wednesday to the proposed \$23½ million dollar allocation to the Public Instruction Department.

Chairman J. Dean Polen (D-Washington) said this proposed appropriation, part of the administration's \$1,800,000,000 budget for the two-year fiscal period starting June 1, will be closely scrutinized.

"This is the largest single appropriation in the budget and we are going to ask a lot of questions about it," he said in an interview.

Dr. Ralph Swan, acting superintendent of public instruction, took the stand in the second day of open hearings on Gov. George M. Leader's proposed budget.

Want Jump Justified
"Our committee, of course, can not do much about increases in this appropriation mandated by law," Polen said. "The appropriation, however, is 116 million dollars more than the previous biennium and we want it justified."

The budget hearings dominated the legislative scene which saw House members stay for a third day of sessions to dispose of routine legislation. The Senate recessed yesterday until next Monday.

The House voted, 203-3, Tuesday to seat Rep. Stanley Meholchick (D-Luzerne) in the aftermath of an election return dispute. Meholchick has been actually voting for more than two months.

Celebrate Tuesday
Democrats spent most of yesterday in a series of fetes marking the inauguration of Miss Genevieve Blatt, Pittsburgh, as Pennsylvania's first woman secretary of internal affairs.

Meanwhile, Rep. Charles C. Smith, Republican floor leader, said Harry Shapiro, secretary of welfare, painted what he termed "a very rosy picture" of how he is going to spend 142 million dollars for mental health.

"He wasn't so clear about why he isn't now hiring doctors he says are so urgently needed when his department will wind up this biennium with a 5 million dollar surplus."

Polen said Shapiro made "a good appearance" before his committee at the start of hearings Tuesday.

Shapiro's Plan
Smith, who was asked by Polen to explain where he would cut to reduce 100 millions from the budget, said he would make his reply from the floor of the House chamber.

Shapiro outlined this plan to attack the problem of mental illness within the commonwealth:

1. New treatment and facilities to care for the more than 9,000 youngsters in mental institutions and 8,000 unable to get into institutions because of overcrowding. The secretary said his department is seeking an additional 2½ millions to expand the child treatment program.

Would Boost Salaries
2. Establishment of medical research training centers in state-owned institutions. The proposal would cost an additional \$800,000.

3. A two-pronged program to relieve overcrowding, including new classification procedures and establishment of out-patient clinics for early treatment of mental illnesses and prevention. It would cost \$5,775,000.

4. Organization of a social service program to follow up at home on patients returned from state institutions. It would cost an additional \$1,900,000.

5. An increase in salaries of personnel of 22 million dollars.

6. Re-organization of the Welfare Department with salary increases totaling \$900,000.

GOVERNORS CONFERENCE
WASHINGTON (P)—More than a dozen Democratic governors stayed over after an administration-sponsored governors' conference Wednesday to talk over party organization and federal-state problems.

Highway and mental health legislation were high on the agenda for the first public session arranged by Democratic leaders.

Discussion of 1956 campaign plans and intraparty affairs was listed for a later closed session with national committee officials. The party sessions will wind up tomorrow.

LONDON BUSES DISRUPTED BY BRIEF STRIKE

LONDON (AP) — Communist-sparked bus strikers who disrupted London's surface transport system Wednesday began returning to work after the morning rush hour.

Nearly half the city's 30,000 bus drivers and conductors walked out in the wildcat stoppage over work schedules. But as the morning wore on, many went back to their jobs.

The stoppage flared as another unofficial walkout in coal mines around Doncaster halted the flow of coal from that Yorkshire region—Britain's largest coal producing area. More than 44,000 miners were off their jobs in a piecework pay dispute.

Routes Unsevered

The London strike left nearly 3,000 of the city's 5,744 double-decker buses without crews. Of the sprawling capital's 293 routes, 136 were without any service at all. On 38 others only a few of the scheduled starting runs were made.

By 11 a.m., however, almost half the force had reported.

Sen. Martin Tells DAR Of Record U.S. Debts

PHILADELPHIA (AP) — U. S. Sen. Edward Martin (R-Pa.), said Tuesday that "never before in the history of the world have any people owed so much as we owe today."

Martin made the statement to the Daughters of the Revolution at their 64th national convention banquet here.

Martin also told the women that "one of the worst dangers we face at home is big government at all levels."

Triplets Are Born To Couple In Cumberland

CUMBERLAND, Md. (AP) — Triplet girls were born at Memorial Hospital Wednesday to Mr. and Mrs. Roy E. Shroyer of Rt. 1, Hyndman, Pa., the first triplets born in Cumberland since 1937.

Doctors said the babies were too

The city's subway network was jammed with hundreds of thousands of workers who normally travel by bus. On the lines where buses were still operating, the vehicles were unable to handle the crowds.

Many persons walked to their jobs. Car owners eased the press by picking up commuters who exhibited an agile thumb.

3 RED BOATS ARE DAMAGED

TAIPEI, Formosa (AP) — Nationalist China Wednesday produced fresh reports of a Red buildup near the offshore islands and said its planes damaged three Communist gunboats in the Quemoy area.

The air force said its pilots sought out the gunboats, described as between 300 and 400 tons, on the landward side of Quemoy in western Amoy Bay. The area is 120 miles west of Formosa across the strait.

Pilots said one of the gunboats caught fire and suffered heavy damage.

The Communist buildup threatening the offshore islands continues both near Quemoy and in the area opposite the Matsu group 175 miles up the coast, the Taitao News Agency reported.

The Reds are patrolling the coast with high-speed torpedo boats, said the agency, which is operated by the Interior Ministry. Commando units are being or-

ganized to spearhead attacks on both groups of islands, it asserted. Foreign Minister George Yeh today personally denied local press reports which said he had hinted Nationalist China might agree to a cease-fire.

He told a press conference, among other things, that his government "has never requested, nor has the United States government offered, American ground forces to be stationed in Taiwan (Formosa)."

Abbottstown

ABBOTTSTOWN — Mrs. Ida Boozle, formerly of town, now a guest at the Adams County home, celebrated her 91st birthday Sunday. Mrs. Boozle was active in the work of St. John's Lutheran Church and taught a Sunday School class for a number of years. Members of her class made a trip to visit her Sunday and provided refreshments and presented her gifts.

Bobby Myers, son of Mr. and Mrs. Gerald Myers, rode his bicycle into the parked truck of Mr. Griffie recently and suffered cuts around the head requiring several stitches.

Mr. and Mrs. Thurman Kaylor, Mr. and Mrs. Ned Perry, Mr. and Mrs. Frank G. Perry, all of Akron, O., spent five days recently at the home of Mr. and Mrs. Roland E. Perry and family, near town. They

garnized to spearhead attacks on both groups of islands, it asserted. Foreign Minister George Yeh today personally denied local press reports which said he had hinted Nationalist China might agree to a cease-fire.

He told a press conference, among other things, that his government "has never requested, nor has the United States government offered, American ground forces to be stationed in Taiwan (Formosa)."

Why people who could pay more buy FORD

More and more people who used to drive costly cars are being enthusiastically won over by Ford's Thunderbird-inspired styling and Trigger-Torque "Go."

Why, indeed, pay more?

Each of Ford's 16 models features styling inspired by the reigning beauty of the American road—the fabulous Ford Thunderbird.

The luxurious interiors of a Ford contain fabrics and colors such as the low-price field has never known.

Ford's new Trigger-Torque power brings you a new thrill in response. It gives you the secure feeling of knowing you can pass in a split-jiffy.

And Ford's power assists, too, (power brakes, steering, windows, 4-Way power seat and Speed-Trigger Fordomatic) can't be beat at any price. They are the equal of those found in costliest cars.

Take your Test Drive today. You'll see why, dollar-for-dollar, you can't buy better than Ford.

Like all Fords, the Fairlane Town Sedan is worth more when you buy it and when you sell it.

FORD the New BEST SELLER . . .

MAY ACCEPT BUILDING

HARRISBURG (AP) — A bill before the House would permit the state to accept free of charge an \$85,000 building to be included among property of the Norristown State Hospital.

The building is the patients' store and library at the hospital built

with money from profits in the patients' store. The ground it is built on is already owned by the state.

Sponsoring the proposal introduced Tuesday are Reps. Jeanette F. Reibman (D-Northampton) and Joseph Pacchioni (D-Northampton).

PENNA. SMALL BUSINESSES TO GET ATTENTION

HARRISBURG (AP)—A bipartisan move is under way to have the legislature look into the problems of Pennsylvania's small businessmen.

A resolution offered the House yesterday by Reps. Herman Toll (D-Phila.) and Edwin Tompkins (R-Cameron) calls for an 11-man committee of lawmakers and small businessmen to do the job.

Because of the importance of small business to our economy and general welfare it is our duty to insure their survival," the proposal says. There is also a possibility that the present rates of taxation imposed upon our small businesses are too great."

Taxes And Other Problems
The House speaker and Senate president pro tempore would each name three members and the governor would appoint five small businessmen to complete the committee.

The group would be charged with making a thorough study of the taxes and other problems faced by small businesses within our commonwealth.
It would report its findings and make recommendations for appropriate legislation to the General Assembly within 30 days of approval of the proposal.

Optometrists Of State Hold Election

BEDFORD, Pa. (AP)—Dr. Irving Bennett of Beaver Falls has been named executive director of the Pennsylvania Optometric Assn. for the fifth consecutive term.

He was elected on Tuesday at the close of the group's 59th annual convention.

Dr. Morey X. Powell of Middletown was elected president, succeeding Dr. William G. Walton Jr. of Marion Station. Chosen vice presidents were: Dr. S. John J. Crozier, Philadelphia; Joseph Smith, Plymouth; Robert C. Phillips, New Brighton; and Guy D. Wingert, Harrisburg. Dr. Robert B. Halberstadt of Nazareth was named treasurer for the eighth straight term.

APPROVE SEWER LINE

HARRISBURG (AP)—The state Sanitary Water board Tuesday approved sewer extension by Levitt & Sons, Bristol and Middletown Twp., Bucks County.

About two million U.S. boys and girls belong to 4-H clubs.

U.S. Foreign Trade Forecast Is Good

WASHINGTON (AP)—A gathering of American businessmen has received an optimistic forecast of "buoyant," growing foreign trade in the next year for the United States and most of its free world partners.

This forecast was given by E. E. Schnellbacher in remarks prepared for a breakfast arranged by the American Chambers of Commerce Abroad, a division of the U.S. Chamber of Commerce, which ends its 43rd annual meeting here today. Schnellbacher is intelligence director for the Commerce Department's Bureau of Foreign Commerce.

UNITED NAMES 3 DIRECTORS

The United Telephone Company of Pennsylvania stockholders expanded their board of directors early this week when three of the company's operating department heads, B. M. Witmer, Harrisburg; J. G. Siemons, West Fairview, and J. H. Earley, Camp Hill, were elected directors of the corporation.

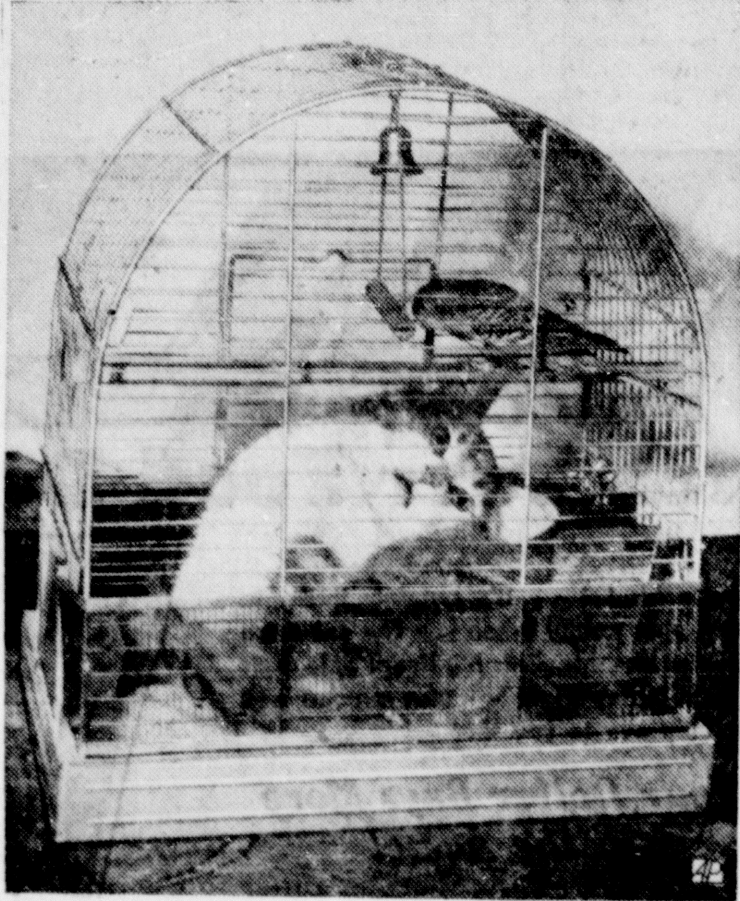

Witmer, a veteran with 28 years telephone service, graduated from Franklin and Marshall College. He entered the telephone field in 1927 and served in various capacities in the commercial department. He was named assistant district manager at Chambersburg in 1931, district manager at Hanover in 1940 and general commercial manager the following year.

Siemons, an electro-chemical engineering graduate of Pennsylvania State University, joined United's plant department in 1931 after a year of work with a leading equipment manufacturer. He was appointed plant engineer in 1941 and general plant manager in 1952.

Earley, a former newspaperman, became United's press representative in March, 1931. He served as advertising and directory manager before being assigned to his present position as general traffic manager in 1941.

In the board's annual organization meeting, the directors re-elected the following officers: L. R. Thurston, president and general manager; Alden L. Hart, board chairman; H. W. Rasher, vice president and secretary; C. A. Scripkin, vice president; Ross Hartman, treasurer; C. B. Fishel, auditor and assistant secretary; Ardella Davis, assistant treasurer.

AGREE ON P.O. PAY INCREASE

WASHINGTON (AP)—Risking a possible presidential veto, a Senate-House conference committee has agreed on an 8.8 per cent pay increase for half a million postal workers.

The conference group yesterday settled on a figure below the 10 per cent salary increase voted by the Senate but higher than the 8.3

per cent passed by the House. Sen. Olin D. Johnson (D-SC) of the conference committee said afterward, "It is believed that the agreement is one which can be passed immediately by both the Senate and the House and approved by the President." But President Eisenhower has indicated he would not accept any postal pay boost bigger than 7.6 per cent. Some Congress members said it is doubtful a veto of the compromise bill could be overridden. The House may act on the postal pay compromise Friday. The

Senate may get to it next week. Under the compromise, each postal worker would get a minimum 7 per cent pay hike. A reclassification of salaries would account for the additional 1.8 per cent. The administration has urged such a reshuffling to do away with inequities. It was estimated the pay increase would cost about 178 million dollars a year. The raise would be retroactive to March 1. ROGER BLOUGH, SON OF FARMER, HEADS U.S. STEEL

NEW YORK (AP)—A 51-year-old lawyer is the new boss of the world's biggest steel firm: United States Steel Corp.

Roger M. Blough, son of a Pennsylvania farmer, was elected board chairman of the two billion dollar corporation Tuesday to succeed Benjamin F. Fairless.

Fairless retired at the age of 65, stepping aside, he said, so the job could be assumed by "capable and younger hands."

Blough, born in Riverside, near Johnstown, was named at an organization meeting of the firm's board of directors. This was a day after United States Steel's annual stockholders' meeting where Fairless announced he was quitting.

The new board chairman joined the company in 1939 as associate counsel and three years later was named general solicitor for United States Steel Corp. of Delaware.

General Counsel

In 1951 when the firm merged all of its subsidiaries under its present name, Blough was elected executive vice president of law, secretary and director. A year later he was named general counsel and vice chairman of the board.

Clifford F. Hood, president of the giant corporation, was given a new title by the directors: Chief administrative officer in charge of operations.

Fairless will remain on the board, as well as retain membership in the finance committee. He also was named chairman of a newly-formed executive advisory committee of the board.

John S. Tennant was named to succeed Blough as general counsel.

Blough is the sixth United States

Blough was graduated from Susquehanna University at Selinsgrove, Pa., and Yale Law School. He has a country home at Hawley, Pa.

This year, more than 235,000 Americans will die of cancer.

Near Final Action On Turnpike Bills

Orrtanna

ORRTANNA — The Rev. James Hillon of Gettysburg Theological Seminary, was the guest speaker at the Mt. Carmel EUB Church Sunday evening of which the Rev. Roger Burtner is pastor. Preceding the worship service a hymn sing was held with the Clavolines as the accompanists. The service opened with an instrumental selection "Let's Go To Church on Sunday Morning" by the Clavolines. Robert Howe presented a solo, "Open Up Your Heart and Let The Sunshine In," accompanied by the Clavolines. An offering of \$53.32 was taken to be applied toward the building fund. Benediction was pronounced

for a new east-west leg through north-central Pennsylvania from Sharon to Stroudsburg and a connecting link with the West Virginia turnpike. Both were readied for floor action by the committee yesterday.

"Each was amended by the committee but none of the changes are major—they're just correctional to fix some printing errors," said Chairman Anthony Petrosky (D-Westmoreland).

Meanwhile, a meeting scheduled between the Pennsylvania members of the West Virginia Turnpike Commission was postponed until "some time in June."

by the Rev. Mr. Hilton. The Clavolines concluded with "Some Sunday Morning." The Clavolines are composed of Dale Starry, drums and trumpet; Charles Tressler, Littlestown, saxophone; Wayne Walters, Gardners, guitar; Charles Ditzler, of Gettysburg, piano, and clavoline, and William Howe, Orrtanna R. D., solo banjo.

Mrs. Walter Tressler, Mrs. Wilmer Wetzel and Mrs. Byron Cease, this place, accompanied their pastor and his wife, the Rev. and Mrs. William Hollingsworth, Bendersville, to Berwick last week where they attended the WSCS Central Pennsylvania Conference at the Methodist Church as delegates from the WSCS of the local Methodist Church. This was the 15th annual conference of the society.

The condition of George A. Herring, who is a patient at the Warner Hospital, Gettysburg, remains about the same. He is suffering from a heart condition.

Mrs. C. T. Vance returned to her home on Orrtanna R. D. after spending the winter and early spring with her children in the Washington, D. C., area. With Mrs. Vance over the weekend were her son and daughter-in-law, Mr. and Mrs. Hamilton Vance, and Miss Miriam Vance, Washington, and a son-in-law and daughter, Mr. and Mrs. G. B. Mason, Chevy Chase, Md.

Mr. and Mrs. Kermit Wetzel and Benny Smith, Solley, Md., spent Sunday with Mr. Wetzel's parents, Mr. and Mrs. Luther Wetzel.

Mrs. Theodore Deardorff was discharged from the York City Hospital Sunday where she was a patient for three weeks. Mrs. Deardorff is convalescing satisfactorily from her operation for a ruptured disc.

Mr. and Mrs. Mark Saum, Mrs. Blanche McMillan and H. B. Saum visited in Hanover on Sunday with their brother-in-law and sister, Mr. and Mrs. Ira Sharrar.

Mr. and Mrs. John Gallagher spent Saturday evening with Miss Ida Baker and Louis Baker, Fayetteville R. I.

Mr. and Mrs. Clarence Stansbury, Mrs. Wilmer Wetzel and H. A. Weikert spent Sunday at Hershey.

Mrs. Roger Burtner and Mrs. Marie Wetzel spent Saturday at Millerville. Miss Wetzel, a member of the Senior class at Gettysburg High School, underwent a competitive scholarship examination at the college there. She is a daughter of Mr. and Mrs. Dale Wetzel.

wall Corp., was recovered from the firm's reservoir at nearby Cornwall Tuesday.

Coroner Patrick Frank said death was due to accidental drowning. Lenhardt also suffered a fractured skull. The coroner said it might have been suffered when Lenhardt struck pipes in the water.

A company spokesman said Lenhardt may have been adjusting a spray nozzle in the reservoir filling system when he fell into the water. The reservoir is used to cool water from an open mine pit air compressor. Lenhardt had been missing since Monday.

LIGHTHOUSE KEEPER WRITES THIRD VOLUME

BON PORTAGE ISLAND, N. S. (AP) — For 25 years Evelyn and Morrill Richardson have kept their lighthouse blinking its warning across the waves of the North Atlantic.

And the spell of this lonely island still fascinates the lighthouse keeper's wife who made it famous in her writings.

Mrs. Richardson is working on a third book, a sequel to "Desired Haven," a novel of the old days on the island-dotted southwest coast of Nova Scotia. She plans to call it "No Small Tempest."

"But I don't think I'll get it done this year," says the handsome, gray-haired woman. "My publishers have also asked for a sequel to 'We Keep A Light.'"

Won An Award
That book her first, won the Governor General's Award, and is still going strong nearly 10 years after it was published. It is a simple tale of her family's existence on the island. Anne, the Richardsons' elder daughter, is married with two children and lives at a nearby mainland village. Betty June married the assistant lightkeeper at Cape Island. Their only son, Laurie, died in 1947. Mrs. Richardson writes in the winter because she's too busy in the summer with visitors, friends and relatives. Only people on the island the rest of the year are the Richardsons and Herbert Larkin, the assistant keeper. But they count as family members two cats, a dog, hens, sheep and nearly a dozen head of cattle.

PHONE GABBERS MAY BE FINED

HARRISBURG (AP) — A party line telephone subscriber who refuses to give up the line for an emergency call would be liable to a \$50 fine under a proposal that won House passage Tuesday.

The bill, now before the Senate, would fix the fine at \$300 for additional convictions and would impose identical penalties on any person convicted of falsely claiming a line is needed for an emergency call.

Emergency calls are defined as any situation in which property or human life is in jeopardy and prompt summoning of aid is essential. That would include calls to fire or police departments, for medical aid or ambulance service. The House approved the measure

without debate, 206-2. Negative votes were cast by Reps. Edwin E. Lippincott and Joseph Isaacs, Delaware County Republicans.

The bill, introduced three months ago by Reps. George C. Magee (R-Crawford) and Albert E. Strausser (R — Columbia), also would make mandatory notices concerning emergency calls in every telephone book listing residential numbers. Classified business directories would be excepted. Anyone distributing a book without such a notice could be fined \$50 for first offense and be given a \$300 fine or 30 days in jail for subsequent offenses.

The act would become effective Jan. 1, 1956, if approved by both the Senate and governor. Several states have similar measures on their law books.

Ike Says Poor Children Will Receive Salk Vaccine; Favors Voluntary Distribution In U.S.

By MARVIN L. ARROWSMITH
WASHINGTON (AP) — President Eisenhower said Wednesday he has given all sorts of consideration to federal controls over distribution of Salk polio vaccine but still thinks the voluntary method is best.

The President told a news conference the government intends to see to it that no child ever goes without the vaccine because of inability to pay for it.

Volunteering his remarks about the vaccine program, Eisenhower also said government officials are convinced the present inoculation program should go ahead despite development of paralytic polio by a few youngsters who have received vaccine produced by one firm.

The President said that in his opinion it is both safe and wise to go ahead with the inoculations. Eisenhower also dealt with these other topics:

CEASE-FIRE — Eisenhower said that at the moment the United States is in a sort of wait-and-see position with respect to possible talks between this country and Red China on a cease-fire in the Formosa area.

He added there are a number of countries — apart from the United States — which are interesting themselves in the prospect of

a cease-fire. There is nothing new on the subject, he said.

Mamie Not Strong
MRS. EISENHOWER — He said Mrs. Eisenhower's health is not as robust and strong as that of some people, but she is a good healthy person despite what he termed her inability to throw off the effects of a very serious virus infection which she developed last March.

The reporter who put the question about the First Lady's health said it was prompted by: Democratic National Chairman Paul Butler's statement in March that the President might not seek a second term because of the state of Mrs. Eisenhower's health, and secondly, cancellation of all of Mrs. Eisenhower's social engagements for this week on orders of her physician.

The reporter, Charles von Fremd of CBS, told Eisenhower he realized the question was a personal one and hoped the President would not take offense.

Eisenhower said it was a legitimate question. He then went on to say that in his opinion his wife's general health the last two years has been better than it was during the previous 10.

He Knows The Month
POLITICS — A reporter recalled that Eisenhower remarked last

week that his term still had 21 months to run, and that he regarded that as a long time for a man of his age. He asked whether the President kept a calendar on the wall and was checking off the months to the time when his term will expire.

Joining in the laughter, Eisenhower replied that he always does know what the month is.

POSTAL PAY — Eisenhower avoided saying whether he will veto a bill to increase the pay of postal workers an average of 8.8 per cent. He indicated a few weeks ago he would refuse to sign any bill providing for a greater hike than 7.6 per cent. But to questions Wednesday, Eisenhower said only that he looks for the bill to be on his desk shortly and he will give it careful study.

A Senate-House Conference Committee agreed Tuesday on a measure calling for an 8.8 per cent increase. The measure still is subject to action by the House and Senate as a whole.

FARM — The President said the administration program of flexible farm price supports, which went into effect this year, is good legislation but so far there has not been adequate time for it to prove itself.

The full effect of the new program, he said, will not be known until this year's crops reach the market.

Speaking out against the House bill, now up for debate, providing for a return to a rigid price support program, the President said all of what he termed the farm squeeze occurred under that old program.

GOOD BUYS IN POULTRY SEEN THIS WEEKEND

By THE ASSOCIATED PRESS

Reports from food stores over the nation indicate that poultry continues to hold a prominent place on the list of good buys for weekend shoppers.

Not as many stores will be featuring frying chickens this week as a week ago, but prices generally will be the same or a trifle lower.

A number of markets, with an eye to Mother's Day this Sunday, will be offering small turkeys and smoked hams at lower prices. There'll be a good number of specials on prime ribs and legs of lamb, too.

Few Pork Specials

There won't be many weekend specials on pork items. That meat went up at wholesale during the week and in some stores the price of pork chops is being increased by a dime or more a pound.

The Department of Agriculture sees a small increase in the next few months in prices of fresh and processed vegetables, eggs, pork and some cuts of beef. It adds, however, that consumers can look

for lower prices for fresh vegetables, potatoes and fresh fruits by midsummer, when normal supplies become available.

And the outlook is not strictly for higher prices: Dairy products, poultry and fish are expected to come down in the months just ahead.

Right now, you can pick up lot of worthwhile buys in vegetables. The best value this week may be found in spinach, iceberg lettuce, and nearby vegetables, including radishes, green onions, leeks, kale and parsley.

Old crop potatoes are a good buy. New crop spuds haven't come to market in big volume yet, but supplies are increasing and prices are a little lower than last week. Corn supplies are heavier, and the price has come down. There are plenty of onions in all shapes and sizes at reasonable prices.

Produce men also recommend cabbage, beans, carrots, beets, endive, escarole, celery, peppers and yellow green squash.

DINNER DATE

LARNED, Kas. (AP) — Each year James Fisher takes his wife on their wedding anniversary to a new place for dinner.

When their 42nd anniversary found him convalescing in a Larned hospital he didn't break the chain. The dinner, complete with carnation centerpieces, candles and cake was served in his hospital room.

HERSHEY DANCE SEASON OPENS

Ralph Flanagan and His Orchestra will provide the music for the opening dance at Hershey Park Ballroom Saturday evening.

Flanagan has been identified with the "name" band business since 1940, when he launched his musical career as pianist-arranger for Sammy Kaye. Then followed similar jobs with Tony Pastor, Tommy Tucker, Hal McIntyre, Tony Martin, Mindy Carson and, finally, Perry Como.

While he was working for Como, RCA Victor asked him to front a studio band for the purpose of turning out a dance record album. Disc jockey response to the new band was so overwhelming that he found himself faced with hundreds of requests for dance dates. Accordingly, he took to the road and has been making his living on a cross-country bus ever since.

Kee Largo and Johnny Amoroso, two popular vocalists, will be featured as well as Tommy Gillen, drummer. The Singing Winds will provide choral backgrounds and, for solid jazz, Flanagan's Flatbush Five will take over the bandstand.

Free concerts in the park bandshell Sunday afternoon and evening will be presented by Bob Harry and His Orchestra, with Irene Varga

INSTALL TOMPKINS

UNIVERSITY PARK, Pa. (AP) — Roy R. Tompkins of Oklahoma A. and M. College was installed as president of the National University Extension Assn. at the group's 40th annual meeting which closed today.

Named president-elect Tuesday was E. A. Lowe of the University of Georgia. Tompkins succeeded Lloyd W. Shram of the University of Washington.

W. S. Bittner, formerly of Indiana University, was re-elected secretary-treasurer.

as soloist. Concerts will be presented from 2 until 4 o'clock and 7 until 9 o'clock.

Churches Aid Puerto Rican Immigrants

SAN JUAN, Puerto Rico (AP) — At the airport a crew of Christian volunteers is on duty each day to interview Puerto Ricans on their way to new homes in the United States.

The project is sponsored by the National Council of Churches and the Evangelical Council of Puerto Rico. Notices are sent to U. S. churches about pending new arrivals.

The churches in the area where the new resident will live then can invite his membership and help him get settled. Hundreds of U. S. churches have joined in the plan.

It's Strawberry Shortcake Time!

RICH STRAWBERRY SHORTCAKE
A butter shortcake like Grandma's —
Soft Blue Bonnet Margarine
4 cups sweetened sliced strawberries
1 cup Whip Topping

2 cups sifted Gold Medal flour
2 tablespoons Jack Frost sugar
3 teaspoons baking powder
1/2 teaspoon Morton Salt
1/2 cup Blue Bonnet Margarine
1 beaten egg
1/2 cup light cream

Sift dry ingredients together. Cut in 1/2 cup margarine till mixture resembles coarse crumbs. Combine egg and cream. Add, stirring just till dough follows fork around bowl. On lightly floured surface, pat or roll to 1/2 inch. Cut with 3-1/2 inch round or fluted cutter. Bake on ungreased baking sheet in very hot oven (450°) 8 to 10 minutes. Split shortcakes, and butter. Spoon berries between and over top. Serve warm with Whip Topping. Makes 6 servings.

HOODLUM IS SHOT TO DEATH

FORT WORTH, Tex. (AP)—The second of a pair of hoodlum brothers who dreamed of a Southwest crime empire died on Tuesday of wounds suffered in an ambush.

Apparently the assassination of Cecil Green, 39, was another in the growing list of unsolved Southwestern gang killings which police have termed "revenge murders."

Green was shot down in almost the same fashion that his brother, Hollis Delois Green, 31, died on Christmas Eve, 1949. Cecil was cut down as he and fellow mobster Lery (Tincy) Eggleston, 49, pulled up at a drive-in cafe Monday.

Eggleston said men who stepped from three parked cars got Green as Eggleston rolled to safety behind Green's Cadillac.

Hollis Green was ambushed by a shotgun-wielding assassin who caught him as he left a West Dallas night club.

Cecil Green, Eggleston and Harry Huggins, 39, were charged in the slaying of oil millionaire William P. Clark, 63, shot to death in his Fort Worth mansion, May 19, 1953. Charged as accomplice in the slaying was Clark's blonde wife, Mary, 43, whom Clark accused

INSPECT CAMP IMPROVEMENTS

Improvements at Camp Conewago, Dick's Dam, were inspected Tuesday evening by members of the district committee of Conewago Boy Scout District and plans were outlined for summer activities.

Improvements included replacement of coal-burning stove in kitchen with electric stove, renovation of kitchen, changing windows, repairs to main lodge porch and

in an annulment petition of "luring me into marriage" for money.

erection of chains on main entrance driveway. Improvements were in charge of Nicholas D. Murphy, co-camping chairman.

Arrangements were completed for the annual spring nature course Saturday and Sunday, May 14 and 15.

Robert Henry, area field executive, reported 30,000 multi-colored rose plants have been given York-Adams Area Council by the State Game Commission for replanting in this area.

They may be secured at Camp Tuckahoe, near Dillsburg, by all units for planting along woods, fields and roads for game conserva-

STOCKHOLDERS, UNION LEADERS AND TAX MEN LIKE PROSPECTS

By SAM DAWSON

NEW YORK (AP)—Stockholders, labor union leaders and tax collectors have a happy gleam in their eyes today. Corporate profits are running 27 per cent ahead of last year. And each group hopes to tap a larger share of that golden flow.

Cash dividends in the first three months of the year rose 6 per cent over a year ago to a total of 2.13 billion dollars. As a result labor union leaders are expected to ask for bigger wage hikes this year than last.

And Treasury officials, scanning the first-quarter reports of corporations, note happily that business is setting aside much larger reserves for federal income taxes than it did a year ago.

Economists of the National City Bank of New York report that 576 manufacturing companies whose first-quarter earnings statements are now available have set aside as reserves for federal income taxes almost two billion dollars. This is a gain of almost 500 million, or 22 per cent, over the first three months of 1954.

Prospects for the months ahead are brighter today too. The Commerce Department reports that manufacturers found March one of their best months in history. They took in 29 billion dollars worth of new orders in that month alone, five billion more than in the same month last year.

It means that sales will continue at a high level for several months ahead. When these new orders turn into sales at some future date, Uncle Sam will be right on hand to see that around one half of the profit on them is turned over to him as corporate income tax.

AIRING GOVERNMENT PLANS—New air view of Washington's Capitol Hill bares locations, upper right and lower left, for additions to Senate and House Office Buildings respectively. Clockwise starting with Capitol left center, structures are Senate Office Building, Supreme Court Building, Library of Congress and House Office Building.

Everything Comes In "Fives" Here

KNOXVILLE (AP)—This is the fifth day of the fifth month of 1955, and also the fifth day of the week. It's also Mr. and Mrs. George Boone's anniversary. They have five daughters, five grandsons and five granddaughters. Just to follow through, they plan to eat dinner today at 5:55 p.m.

Uncle Sam will be right on hand to see that around one half of the profit on them is turned over to him as corporate income tax.

HONEST FAT

GREENVILLE, S. C. (AP)—A man advertised as "the fattest in the world" successfully survived a police investigation here. "Blimp" Levy, who claims to weigh 763 pounds, was on exhibit on Main Street for the benefit of the American Legion.

A. B. Satterfield told Police Officers R. D. Cook and E. L. Atkins that he thought the "fat man" a phony.

The officers investigated. Their report: "Genuine flesh and blood."

TRUSTEES RILED

MOUNT AIRY, N. C. (AP)—Trustees of the Surry District Hospital, in the planning stages, are riled. This town's claim to fame is its native granite. Architects' plans for the hospital call for Indiana limestone.

SMALL VALLEY HAS CORNERED RAISIN MARKET

By VIRGIL J. CLINE

FRESNO, Calif. (AP)—Did you have raisins on your winter menu? It's almost a sure bet they came from a small, four-county area in the San Joaquin Valley.

The growers there say they produce 40 per cent of the world supply of raisins and almost 100 per cent of the U. S. tonnage. Now they are working in their own research organization to get you to use more raisins.

The industry got its start in 1872 when William Thompson sent east for cuttings of a hothouse grape he remembered from his boyhood in England. He grafted the cuttings to three muscat vines at his Sutter County ranch. He did not dream

that he was on the way to turn a luxury item into a household staple—and a huge industry that now returns upwards of 40 million dollars to growers annually.

4-County Belt

Raisin variety grapes are grown primarily in what is known as the raisin belt—Madera, Fresno, Kings and Tulare Counties—because of the semi-desert climate, rich soil and because the flat valley floor is ideal for irrigated farming and mechanized operations.

Several other varieties of grapes are dried for raisins on a smaller scale but Thompsons are by far the most popular.

The raisin growers have had a long battle to control the marketing of their business. In 1912, a cooperative called The California Associated Raisin Co. was formed. That organization, later renamed The Sun-Maid Growers of California, today is the largest raisin packing concern in the world.

In recent years the raisin men have joined in setting up a federal raisin marketing order. All raisins

termed surplus are removed from competitive channels and are placed in a pool for export or sale to a non-competitive agency.

Advisory Board

The raisin growers and packers have established a California Raisin Advisory Board. The job of this agency is to carry on an educational and research program.

Research has resulted in such new products as raisin ice cream, raisin pie filling and others. And the research goes on.

Bethlehem, Nazareth, Egypt, Emmaus and Lebanon are all towns in Pennsylvania.

SEEK SECURITY
PITTSBURGH (AP)—Edward Guntton, 59, sentenced in federal court to four years for passing a bad \$3,500 check, explained that he did it to get back in prison. "I can't make a living outside of jail," he said.

CHARGES USE OF POLITICS IN OUSTER EFFORT

EASTON, Pa. (AP)—Capt. Norman E. Annich, veteran state police officer, has charged that "sore-heads" in his troop "are using political pressure" in an effort to have him removed as commander of the Bethlehem barracks.

Annich made the statement in an unexpected talk before a panel session of the 28th annual Eastern Pennsylvania Safety Conference here Monday night.

A reporter seeking to contact him by telephone Wednesday for further comment was informed Capt. Annich was not in the barracks at the time.

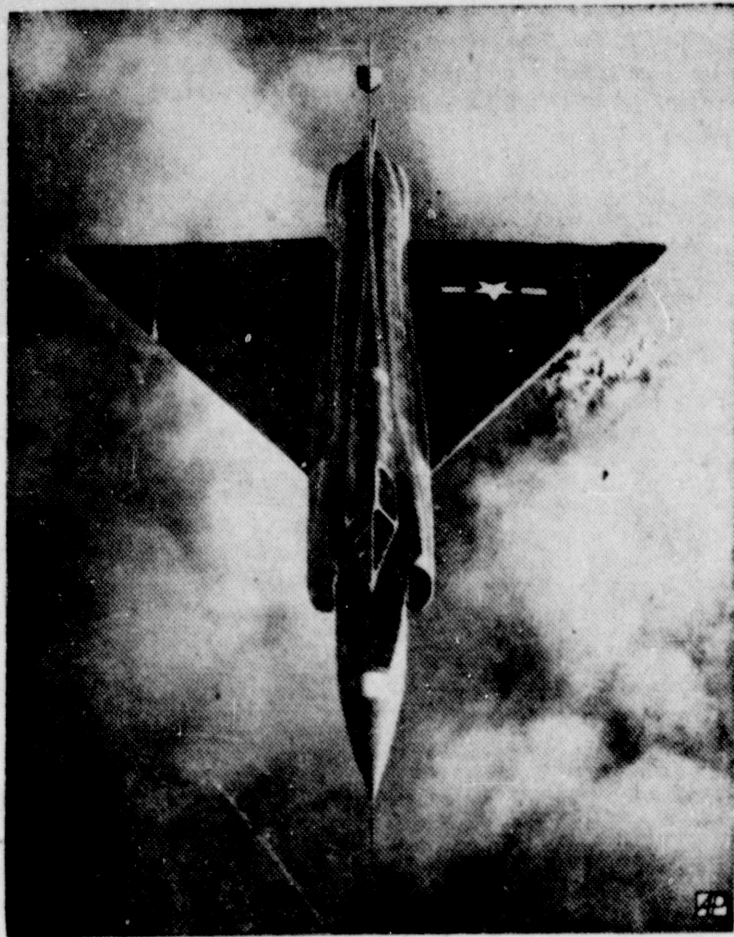

Annich did not name any individuals in his talk to the safety conference, but said the move was backed by "the ones state policemen" who were not doing a thing and weren't earning a dime last August" when he took command of the barracks. A state policeman since 1921 and a former commandant at Williamsport, Capt. Annich succeeded Capt. Charles Cook at Bethlehem.

"Against Fixes" He told the safety group that one of the reasons for the "efforts to get me moved out of here was because I was against fixes for traffic tickets."

He said some of the personnel assigned to the barracks are "square pegs in round holes" but that so long as he is in command every man will put out "a dollar's worth of work for every dollar in pay."

The Easton Express said it had contacted Col. Earl Henry, state police commander at Harrisburg, to ask for comment, and he replied: "I know of no political influence being used by any men in that troop to get the troop commander removed. The use of political influence in the state police is not condoned, and will not be a factor in removal of any man."

"Departmental Use" In response to a question as to whether any investigation of the Bethlehem barracks operation is under way, Col. Henry was quoted

NEW SAFETY GROUP FOUNDED

WASHINGTON (AP)—Establishment of a new national council was announced Wednesday by the Holmes Safety Assn., created in 1926 to promote mine safety.

J. J. Forbes, director of the Bureau of Mines and association president, said the group previously operated on only a local or district basis but because of great expansion last year has now organized on a national basis.

The new council was organized at a meeting of the association here last week.

Forbes automatically became president, as he is president of the association and of its parent organization, the Joseph A. Holmes Safety Assn. The latter group confines its activities largely to annual awards for heroism in the mineral industries.

Suburbs Of Chicago Are On Increase

CHICAGO (AP)—Chicago's metropolitan population is estimated at 5,988,000 by the University of Chicago Community Inventory and the Cripps Foundation of Miami University. Chicago itself has 3,789,000, an increase of 4.6 per cent since the 1950 census. The surrounding suburbs have increased 17.3 per cent in population.

By April, 1955, the metropolitan population will reach 6,762,000 with an increase of 179,000 in Chicago and 595,000 in the suburbs, the study estimates.

TEXAN HEADS CONGRESSMEN'S WIVES' CLUB

B JANE EADS

WASHINGTON (AP) — Texas Democrats have taken over not only leadership on Capitol Hill but the better halves' ballroom as well. Elected president of the Congressional Club, made up of wives of members of Congress, is Mrs. Omar Burleson, whose husband is serving his fifth term in the House from Texas.

The bipartisan club, founded by Congress in 1908 and today boasting 535 members, alternates its choice of presidents between the two parties. Elected for its new two-year term, Mrs. Burleson succeeds Mrs. Lawrence Smith, wife of the Republican congressman from Wisconsin.

Besides the active members — wives of members of Congress and associate members — daughters and daughters-in-law, the wives of the President, the vice president, cabinet and supreme court are members. Honorary members include Mrs. Harry S. Truman, Mrs. Eleanor Roosevelt, Mrs. Woodrow Wilson and Mrs. Calvin Coolidge.

While their husbands spend long hours on Capitol Hill, the women maintain a full schedule. There are monthly receptions, including one for President and Mrs. Eisenhower in February, Friday programs and teas, luncheons, classes in public speaking, Red Cross, bridge; parties for teen-agers, a children's party in the spring, a white elephant sale, and a wind-up brunch in April for the First Lady — the biggest do of the year.

The organization's handsome

club house hums with activity every day of the year while Congress is in session.

"You have to have a cooperative husband when you take on a job like mine," Mrs. Burleson told me. "Actually, I'm doing this for my husband, and he's happy about it. He has promised to be understanding and cooperative for the next two years."

Wife Aids Campaigning

The Burlesons were high school sweethearts back in Anson, Tex., where they still make their home with Mr. Burleson's mother, Mrs. J. M. Burleson. Mrs. Burleson has been active in her husband's political campaigns from the time he ran for county judge.

"If there's been anything to be done, I've done it," she told me, "rang doorbells, kissed babies, made campaign speeches on street corners, tacked up posters."

If she had time and the inclination to do so, Mrs. Burleson could go into business on her own. She's a licensed mortician having gone to school in Houston and having served two years apprenticeship.

EACH HAS HER OWN SILHOUETTE

By DOROTHY ROE

Associated Press Women's Editor

Any woman should be allowed a choice of silhouettes, says Adele Simpson, a designer who feels a sympathy for the gal who isn't built to fit into the current long, lean look.

Mrs. Simpson herself, being less than 5 feet tall, understands the problems of the petite woman who couldn't look long or lean no matter what she wore. Her current spring collection, therefore, includes a variety of silhouettes—some with the

string-bean look and others without. Says she:

"The woman who dresses well doesn't follow every extreme change in fashion slavishly. She chooses the things which look best on her—after all, she is the one who has to wear them and the choice should be hers."

"Free Country In Fashion"

Mrs. Simpson shows plenty of the long-torso suits and dresses to satisfy the long, lean customers. But she also includes some short jackets and flared skirts, and some full skirts for those who like them. Her comment:

"This is a free country, in fashion as well as politics. And any woman has the right of free choice in selecting a becoming wardrobe."

IKE WINS BIG VICTORY OVER TARIFF POWERS

By JOE HALL
WASHINGTON (AP)—A 73-13 Senate victory for President Eisenhower's foreign trade bill today assured him of the first new tariff-cutting powers granted a chief executive in 10 years.

The bill, passed by the Senate last night, now goes to conference with the House to resolve differences. But the two versions both contain the key provisions sought by the President.

Thus he is assured of a three-year extension of the Reciprocal Trade Act to June 30, 1958, plus new authority to reduce tariffs in 5 per cent stages in each year of the extension. These reductions are to be in return for trade concessions from other free world nations.

The Senate ran for 12 hours yesterday and last night to push the bill through after three days' debate. Eight amendments were beaten down. The measure passed almost exactly in the form recommended by the Finance Committee.

Expects House Approval
Sen. Byrd (D-Va.), floor manager of the bill, told a reporter today he believes the House conferees will agree to accept all the Senate changes in the bill except one.

The exception, he said, is an amendment to broaden grounds under which an industry can seek

relief from import competition under the escape clause.

This amendment is the only one adopted in the Senate without approval by the administration, Byrd noted. And even it would leave the President free to override a Tariff Commission recommendation for relief if he so desires.

Aside from the new escape clause language, the major changes in the bill made by the Senate were:

1. Added new authority for the President to curb imports if he finds they are reaching a level which harms an industry so as to threaten national security. This was a substitute for various proposals to give protection to specific commodities.

2. A change in the base date for the new tariff-cutting powers from the rates in effect on July 1, 1955, to those prevailing Jan. 1, 1955, so as to eliminate the possibility of double tariff cuts on items under negotiation in a trade agreement with Japan.

3. Elimination of authority for the President to make 50 per cent cuts in duties on items imported in negligible quantities.

NONEXPLOSIVE CRASH

HELENA, Mont. (AP)—A car with 25 pounds of dynamite in it went off of control. It went off the road, climbed onto the highway, crossed, and went into a ditch, traveled another 150 feet and turned over at least once. Then it stopped.

The driver, Charles Hansen, 32, Helena, got out with minor cuts, bruises and shock.

The dynamite didn't explode.

PRESS ADVISES NEW WOMEN IN CONGRESS

By JANE EADS

WASHINGTON (AP)—Tips on how to make a hit with the press were given to new women members of Congress at a party recently by veteran newswomen who cover the Washington political front. Katie Louchheim, director of women's activities of the Democratic National Committee, called on the reporters to talk, rather than ask "the poli-

ticians to sing for their supper."

The newcomers, all Democratic members of the House, included Mrs. Iris Blitch of Georgia, Mrs. Edith Green, Oregon, Mrs. Martha Griffiths, Michigan, and Mrs. Coya Knutson, Minnesota. Democratic "old-timers" also on hand included Congresswoman Mrs. Vera Buchanan, Pennsylvania; Mrs. Edna Kelly, New York, and Mrs. Leonor Sullivan of Missouri.

Availability to the press was a suggestion made by one. "When in your office, say hello," was her advice.

Suggestions Vary
"Don't make your speeches too whimsical," another suggested while still another offered: "Don't be too modest. Lord knows the men aren't."

THREATS, PESTS RUIN LIFE FOR CONTEST WINNER

By CYNTHIA LOWRY
The Associated Press

There was rejoicing for almost two hours the other night at the home of an acquaintance when the big news was announced in the evening paper. She had won the \$1,500 first prize in the paper's current puzzle contest.

The circumstances couldn't have been more pleasant. She was recovering from an expensive illness.

You must be several cuts above them or you wouldn't be here in the first place."

"Take good care of your constituents," a correspondent for an out-of-town paper said, "try to give them everything they want. Above all answer their mail." Other suggestions included:

"For Pete's sake be there, listen, know what's going on. Don't be an in-on-Tuesday, out-on-Thursday congressman. Vote!" "Cultivate humility, a rare and admirable quality among politicians." "Keep the home folks informed about what you're doing."

Don't Duck Parties

"Don't avoid the Washington cocktail party," advised a society reporter. "Some Republicans have apparently considered these parties one step nearer sin and lost a lot of publicity in the process." "Just make news—introduce a bill, make a speech, get married," tossed in another.

Rep. Kelly of New York also had a word of advice for the newcomers: "Be present at your committee meetings at all times and on the floor whenever possible. As legislators, we hope we will be able to set a precedent for more and more women in Congress."

Some Texans Eat Dirt, Scientist Says

CHICAGO (AP)—Texans eat dirt? Yes! Drs. R. S. Clayton and Paul H. Goodman, Dallas radiologists, say dirt-eating apparently is a fairly widespread practice in some areas of north and east Texas. The habit, called geophagia, can be detected by x-ray, they say.

They report their discovery in the medical magazine, Radiology. They are associated with the Southern Medical School of the University of Texas and say they have interviewed many patients who eat dirt or have eaten it at some times during their lives.

so the money was more than welcome. The contest itself had helped the long hours of convalescence to pass more quickly.

Then the telephone rang and the woman—whom I'll call Jane—picked up the instrument expecting to hear congratulatory words from some friend. Instead, to her shock, she was treated to a muffled string of obscenities. When she hung up, the anonymous caller rang again. Jane's son took over the phone-answering chore.

Mail Floods In

The next morning the mail started to flood in and it increased daily. Some of the letters were bland—suggestions that she use her windfall in a variety of ways, including getting on the inside track by buying some low-priced shares in a uranium outfit. An inventor on the verge of patenting a new mixing device urged her to underwrite him in his venture and receive half of the take.

But there were other letters, and some of them were upsetting. One

was a communication with a definitely threatening tone from a man who said he was a veteran. Had entered the same contest, submitted the same answers. He didn't say exactly what he proposed to do, but implied she'd be sorry if she didn't at least split the prize. He concluded with a pitiful description of his financial situation, his hungry children and begged for help—to be sent to a post office box.

There were a number of anonymous letters, too, in many kinds of handwriting and bearing widely scattered postmarks. Some were grazily abusive. Others were obscene.

She actually received a number of letters from self-proclaimed creditors of whom she had never heard, much less had dealings.

Then the doorbell started to ring. The parade of salesmen started, wanting to provide her with everything from furniture to automobiles, from remodeling jobs to new houses. One hopeful presented her with a copy of her prize-winning entry neatly enclosed in the middle of a hunk of glass. It had a large price-tag attached, and the woman was pretty bitter when Jane rejected it and firmly closed the door.

Jane had her telephone switched

to an unlisted number after the first day. Not only were people calling every few seconds trying to sell her something, but there were other anonymous callers. There was one unpleasant screwball who repeatedly telephoned and then never said a word, just breathed heavily into the mouthpiece. Not only that, more strangers called and tried to persuade her she owed them varying sums of money.

Every Sucker
The disagreeable attention continued for weeks. Jane now believes that she's on every sucker list in the country—she has taken to rejecting any packages the postman brings because she has been sent so many unsolicited articles, complete with bill, of course.

Right now she sort of wishes she'd never been a winner. The bombardment has been thoroughly unpleasant, and she has become rather cynical about people.

"Contests are fun," she said. "But I haven't had a minute's pleasure since I won one."

In 33 runnings of Laurel's Chesapeake Stakes, four of its winners have captured the Kentucky Derby—Whiskery, Cavalcade, War Admiral and Citation.
